PASO A PASO

1

PASO 1 DE 10

Cut your chosen paper to size using the postage-edge die on your die-cutting machine, ensuring the die fits snugly on your cutting plate.

[VER ESTE PASO - 30:00](#)

2

PASO 2 DE 10

Note that the die creates a score line down the centre of the card. This score line will help you fold the card neatly in half.

[VER ESTE PASO - 31:00](#)

3

PASO 3 DE 10

Take a piece of contrasting cardstock (such as kraft card) and adhere it to the back of your die-cut postage-edged card piece to create a backing layer.

[VER ESTE PASO - 35:30](#)

4

PASO 4 DE 10

From the off-cut of your card, cut a thin strip approximately 1-2cm wide to use as your closure clasp.

[VER ESTE PASO - 37:00](#)

5

PASO 5 DE 10

Secure the closure strip to the back of the card with glue, positioning it so it wraps around the scalloped edge at the front when the card is closed.

[VER ESTE PASO - 38:30](#)

6

PASO 6 DE 10

Fold a thin strip of mirror board or metallic card in half lengthways and attach it along the edge of your closure strip to create a decorative metal-effect border.

[VER ESTE PASO - 43:00](#)

PASO 7 DE 10

Trim the magnetic closure strip to the appropriate length, ensuring it doesn't overlap or interfere with the decorative floral design on the front of your card.

[VER ESTE PASO - 44:30](#)

PASO 8 DE 10

Cut a strip of gold cardstock approximately the same length as the card width. Attach this belly band to the inside left of the card to create a pocket for holding gifts, money, seeds or bookmarks.

[VER ESTE PASO - 46:00](#)

PASO 9 DE 10

Apply adhesive to the back of the card and attach a plain or patterned paper panel to cover the construction and create a neat finish.

[VER ESTE PASO - 48:30](#)

10

PASO 10 DE 10

Distress the edges of the card using an ink pad or distressing tool to create a vintage, worn effect. Add any final embellishments such as hand-drawn details or glitter dots to enhance the romantic aesthetic.

CONSEJOS DEL PROGRAMA

- If your die doesn't fit your smaller machine, use an A4 die-cutting machine for best results.
- Better to cut your closure strip too long and trim it down than too short.
- Use glue rather than tape for a more secure and professional finish on the closure.
