

Underwater Scene Card with Blended Background and Fish

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - ONE DAY SPECIAL - 25 DE ABRIL DE 2025

SOBRE ESTE PROYECTO

Create a unique underwater scene card by blending architectural stamps with aquatic elements. Buildings from the 'In Paradise' set are transformed into a submerged cityscape using water and metallic inks in turquoise and blue tones, then layered with a vibrant orange fish from the 'Under the Sea' collection. This creative mixed-theme design combines stamping, ink blending, and layering techniques for a striking birthday card with an imaginative twist.

PASO A PASO

1

PASO 1 DE 12

Apply a light watercolour wash to white card stock using diluted paint and water, blending soft colours across the surface. Allow the background to dry completely before proceeding.

2

PASO 2 DE 12

Using your stamp tool with broken china and mermaid lagoon distress oxide inks, stamp the rooftop scene from the 'In Paradise' stamp set onto your blended background panel.

[VER ESTE PASO - 11:00](#)

3

PASO 3 DE 12

Using a small round brush dipped in clean water, gently blend the edges of the stamped image outward to create a soft, diffused watercolour effect.

[VER ESTE PASO - 12:15](#)

4

PASO 4 DE 12

Using a water brush, add extra water lines beyond the blended blue area to help the colour seep further into the background, creating a natural transition.

[VER ESTE PASO - 12:30](#)

5

PASO 5 DE 12

Heat dry the blended blue and green background completely. Using the handle end of a stamp pad, dab metallic ink onto the dried background to create bubble textures throughout the design.

[VER ESTE PASO - 13:15](#)

6

PASO 6 DE 12

Using a heat tool, dry the blended background thoroughly to set the inks. Hold the heat tool above the card and move it gently across the surface until completely dry.

[VER ESTE PASO - 13:45](#)

7

PASO 7 DE 12

Stamp the fish from the 'Under the Sea' stamp set onto clean white paper using your Eureka stamping tool. Position the stamp carefully to create a clear impression.

[VER ESTE PASO - 16:15](#)

8

PASO 8 DE 12

Colour the fish using Hemi paints, starting with lighter tones. Build up the colour gradually, then add depth by applying darker shades to create dimension.

[VER ESTE PASO - 18:00](#)

9

PASO 9 DE 12

Use a white gel pen to add fine details to the fish, including eyes and highlights on the body.

[VER ESTE PASO - 19:00](#)

10

PASO 10 DE 12

Attach the coloured fish die-cut to the blended background card using foam pads to add dimension. Position the orange fish centrally on the card front.

[VER ESTE PASO - 19:45](#)

11

PASO 11 DE 12

Stamp a sentiment such as 'Have a Jellyastic Birthday' in black ink at the top of the card panel.

[VER ESTE PASO - 21:15](#)

12

PASO 12 DE 12

Attach the sentiment layer to the front of the card to complete your underwater scene card with the orange fish and blended blue background.
