

Layered Stencil Bird Card with Shaped Die-Cut

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MY PODCAST - 14 DE ABRIL DE 2025

SOBRE ESTE PROYECTO

Create a stunning dimensional bird card featuring a colourful parrot surrounded by vibrant flowers and foliage. This project uses layered stencilling techniques to build up rich colours, then adds a coordinating die-cut overlay to create a striking three-dimensional effect on a shaped card blank. The finished piece showcases beautiful blues, yellows, pinks and greens in a tropical floral design.

PASO A PASO

1

PASO 1 DE 9

Lay out all six stencils from the Spread Your Wings set in numerical order on your work surface. This will help you see the complete layered design you can create with the stencil system.

2

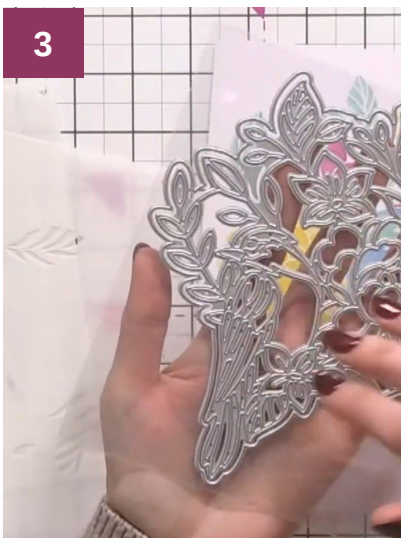

PASO 2 DE 9

Work through the numbered stencil layers in sequence, applying the corresponding ink pad colours through each stencil onto your white card base. Use the different colours from your ink pad stash to build up the layered floral and bird design.

PASO 3 DE 9

Use the large detailed die to cut out the bird, flower and leaves from your stencilled piece. The die will cut through the design, creating a shaped card with intricate floral and bird details.

[VER ESTE PASO - 1:00:45](#)

PASO 4 DE 9

Place the outline die over your stencilled floral design. Run through your die-cutting machine to cut out the shaped design with the decorative edge.

[VER ESTE PASO - 1:01:00](#)

PASO 5 DE 9

Take the detailed floral overlay die-cut from black cardstock and position it over the coloured stamped image. The black outline adds definition and creates a layered effect.

[VER ESTE PASO - 1:01:15](#)

PASO 6 DE 9

Layer the black detailed die-cut piece on top of your coloured stencilled bird to create a 3D effect. Position it carefully to align with the design beneath.

[VER ESTE PASO - 1:01:30](#)

PASO 7 DE 9

Position the outline die on your card blank so it cuts only along the bottom edge, creating a hinged opening. The die should extend beyond the card edges on the sides whilst cutting through the bottom fold.

[VER ESTE PASO - 1:01:45](#)

PASO 8 DE 9

Adhere your complete shaped bird piece to the back of the card blank, ensuring it aligns seamlessly with the die-cut opening at the front.

[VER ESTE PASO - 1:02:00](#)

PASO 9 DE 9

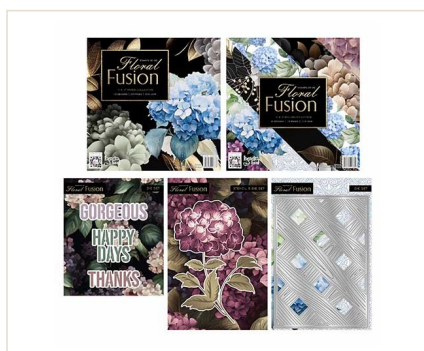

Position the completed die-cut bird and floral design on top of your card base to create the finished layered effect.

CONSEJOS DEL PROGRAMA

- You don't have to use all elements of the stencil system; you can use just segments of the stencils for variation.
- You can use any ink pads from your existing stash; you don't need specialised inks for this system.
- For a high-end look, create the card in tones of grey and brown rather than multiple bright colours.
