

Tarjeta con paneles de papel vintage por capas

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MIGHTY MONDAY - 14 DE ABRIL DE 2025

SOBRE ESTE PROYECTO

Create a beautiful coordinated card using three complementary vintage papers in stripe, block and floral patterns. The papers share a consistent colour palette of soft yellows, greens, pinks and blues, allowing you to layer them together for a cohesive, professional look. This project uses simple layering and adhering techniques to build dimension and visual interest.

PASO A PASO

PASO 1 DE 7

Select three coordinating papers from the vintage collection: choose a pink and white stripe pattern, a solid pink paper, and a floral design paper to work together.

PASO 2 DE 7

Cut panels from each of the vintage papers at 1.5 inches wide using a guillotine or craft knife. You'll need multiple panels from the different patterned papers in the collection.

PASO 3 DE 7

Arrange the three cut panels on your white card blank, layering them to create visual interest. Position the green floral patterned papers at different heights and angles on the card base.

PASO 4 DE 7

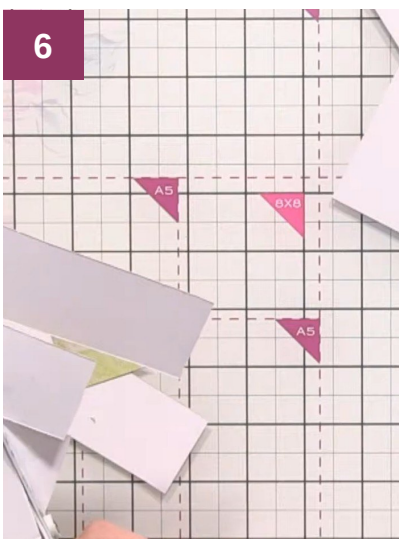

Secure each pink panel to the card base using double-sided tape or adhesive. Position the panels on the white card base, ensuring they are evenly spaced and aligned.

PASO 5 DE 7

Create a second card background by arranging strips of the coordinating vintage papers vertically, staggering them across the white card base. Use both the striped and patterned papers from the collection.

PASO 6 DE 7

Tear one of the white paper strips by hand to create a textured edge, adding dimension to your card design.

PASO 7 DE 7

Add a sentiment or embellishment to complete your card. You can use a glue pen to attach small decorative elements to the layered panel.

CONSEJOS DEL PROGRAMA

- The colour pattern works through all three papers, so you can confidently mix stripe, plain and floral knowing they will coordinate beautifully.
- Don't worry if you go outside the lines when layering; the outline die will hide any imperfections.
- Use off-cuts from your panels to create additional design elements and minimise waste.
