SOBRE ESTE PROYECTO

Create a sophisticated mini card featuring an intricate mandala-style butterfly design heat-embossed in gold on grey cardstock. The delicate butterfly motif is complemented by a 'Grateful' sentiment circle and layered decorative elements in grey and white tones. This elegant project uses heat embossing and die-cutting techniques to achieve a beautiful dimensional effect.

PASO A PASO

PASO 1 DE 8

Stamp the Serendipity mosaic design onto black card stock using gold ink. Heat emboss the stamped design to create a raised, metallic finish.

PASO 2 DE 8

Heat-emboss the stamped mandala design with gold embossing powder using a heat tool. The gold embossing will add dimension and a metallic finish to the intricate pattern on the black cardstock.

PASO 3 DE 8

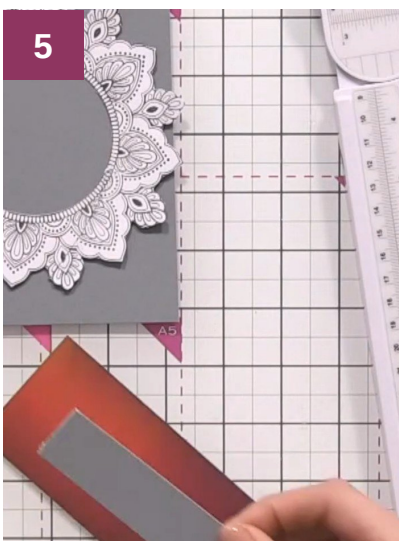

Use a circular die cut to cut away the centre of the embossed mandala design. Position the die over the white circular centre and run through your die-cutting machine to create an openwork effect.

PASO 4 DE 8

Cut a grey card blank in half to create a smaller card base. Position the floral panel on the grey card to check the size and placement.

[VER ESTE PASO - 52:30](#)

PASO 5 DE 8

Cut a thin panel from the burgundy and grey patterned paper off-cut. Adhere this panel horizontally across the centre of the grey card base, creating a decorative band.

PASO 6 DE 8

Trim away the excess patterned paper panel so it sits flush with the grey card edges. Use scissors or a trimmer to carefully cut along the edges of the card base.

CONSEJOS DEL PROGRAMA

- The smallest cards sometimes don't need a lot of work – let the stamped detail be the focal point.
- Don't waste the cut-out centre piece – use it on the inside of the card or on another project.
