SOBRE ESTE PROYECTO

Make a stunning watercolour effect card with beautiful floral motifs in soft pinks, greens and gentle pastels. Using simple stamping techniques combined with water spray, you'll create an artistic painted appearance that looks professionally hand-painted. Black outline stamps add definition and polish to complete your elegant handmade card.

PASO 4 DE 4

Once the watercolour background is completely dry, stamp the outline version of the same floral image over the top using a black ink pad. This will define and sharpen the design, creating a crisp finish over the soft watercolour effect.
