PASO A PASO

PASO 1 DE 12

Position the first stencil (number one) from the Magnolia Dreams set, aligning it with the edge of your white card stock. Hold it firmly in place with one hand.

PASO 2 DE 12

Using a blending brush, apply Heather ink to the stencilled magnolia image. Start from the edges of the petals and blend outward, building up the colour gradually.

[VER ESTE PASO - 27:30](#)

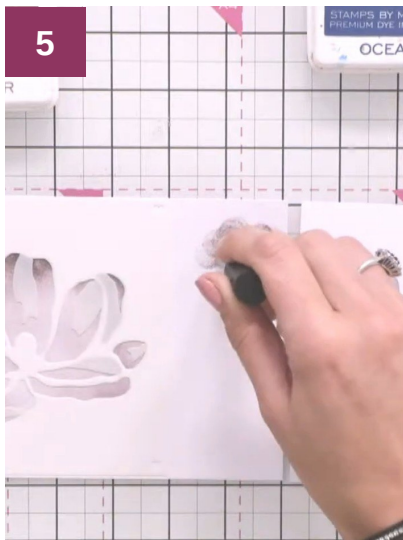

PASO 3 DE 12

Blend a darker shade of ink on the exterior edges of each magnolia piece to create dimension and depth.

[VER ESTE PASO - 28:00](#)

**PASO 4 DE 12**

Remove the first stencil and position the second stencil (number two) over your card. Apply Fandango ink through the stencil using your ink blending tool.

[VER ESTE PASO - 28:30](#)**PASO 5 DE 12**

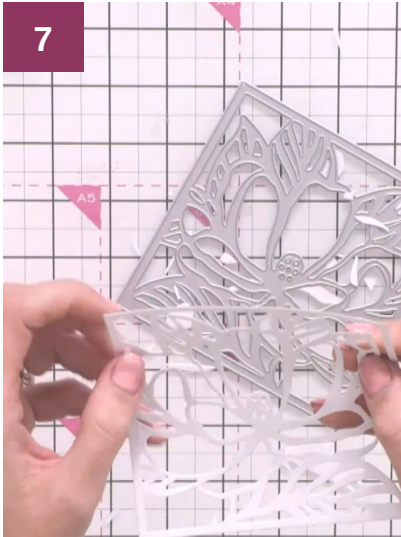

Apply the third stencil layer using Ocean teal ink. Build up the colour gradually by dabbing with a blending sponge through the stencil, working over the magnolia petals to add depth and dimension.

[VER ESTE PASO - 29:00](#)**PASO 6 DE 12**

Position the detail stencil over your stamped images and apply purple ink (Indigo or Heather) using a blending tool to add background depth and texture to the design.

PASO 7 DE 12

Die-cut the stencilled design using the coordinating magnolia die to create clean edges. Pop out the die-cut pieces from the cutting mat.

8

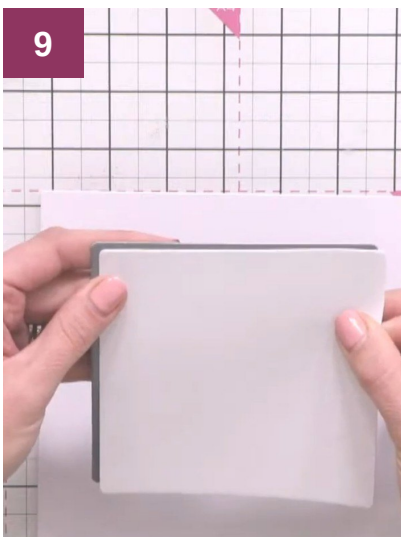

PASO 8 DE 12

Cut a second die-cut of the magnolia design from grey card stock to create a drop shadow effect. Use the chamfer edge of your cutting mat to keep the card flat whilst cutting.

[VER ESTE PASO - 42:00](#)

9

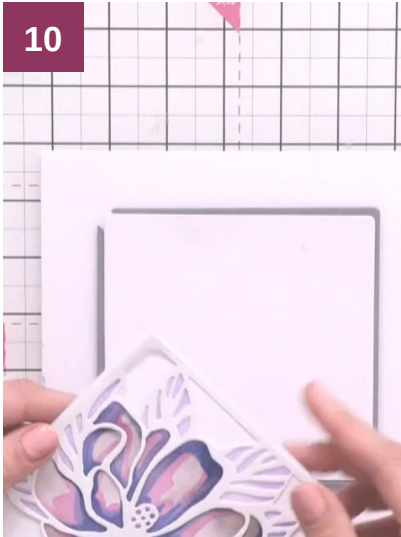

PASO 9 DE 12

Layer the white die-cut on top of the grey die-cut, offsetting it slightly to create a shadow effect showing the grey border.

[VER ESTE PASO - 50:15](#)

10

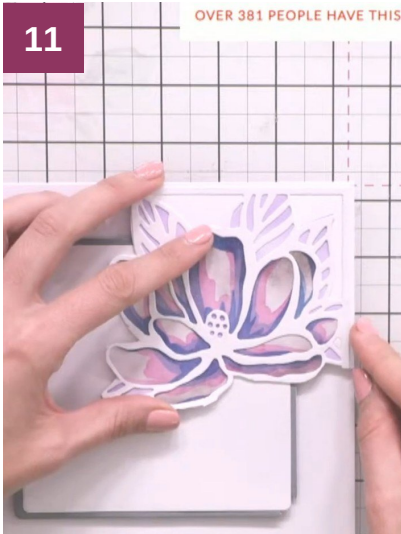

PASO 10 DE 12

Adhere the layered magnolia flower design to your card base using foam pads for dimension. Position the flower centrally on the card front.

CONSEJOS DEL PROGRAMA

- You can use the die as a standalone piece and colour it in, then layer another die-cut on top to hide your workings.
- Cut from corner to corner on the mat layer to create a subtle gap rather than a full mat and layer effect.
- Use foam pads in corners only if you want the same level as the base, rather than raising the entire piece.
