SOBRE ESTE PROYECTO

Create a stunning woodland card featuring a majestic white wolf embossed against a forest backdrop. Using heat embossing with white powder, you'll achieve a glossy, raised 3D effect that brings the wolf design to life with striking detail. The finished piece combines the natural beauty of woodland scenery with the dramatic impact of heat-embossed wildlife art.

PASO 6 DE 7

Allow the card to cool completely before handling to set the embossed design. The white embossed wolf image should be fully set and raised on the dark background.

CONSEJOS DEL PROGRAMA

- Work quickly after stamping with sticky ink, as it dries fast.
- Use an anti-static bag to prevent embossing powder from scattering everywhere.
