

Layered Peony and Carnation Dimensional Card

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - SBM APP - 17 DE FEBRERO DE 2025

SOBRE ESTE PROYECTO

Create a stunning dimensional card featuring layered peony and carnation flowers in vibrant pinks, purples and coral tones. Using stencils and dies, you'll build up beautiful dimensional blooms that frame a 'So Grateful' sentiment on a white card base. The layering technique creates depth and visual interest, with raised elements adding a professional finish to this elegant floral design.

PASO A PASO

1

PASO 1 DE 12

Cut your card stock in half to create your base card.

[VER ESTE PASO - 20:45](#)

2

PASO 2 DE 12

Position stencil number one in the corner of your card base. Using a blending brush, blend pink ink through the stencil onto the card.

[VER ESTE PASO - 22:00](#)

3

PASO 3 DE 12

Position stencil number two over the first layer. Apply the same pink ink using the blending brush, pressing slightly harder to achieve a deeper shade of pink.

[VER ESTE PASO - 23:15](#)

PASO 4 DE 12

Position stencil number three over your card. Using orange ink, apply colour through the stencil to add variation to the flower design.

[VER ESTE PASO - 24:00](#)

PASO 5 DE 12

Position stencil number five with the leaf elements over your card. Using the blending brush, apply the teal ink colour over the leaf areas of the stencil. Hold the stencil in place briefly to allow the ink to set.

[VER ESTE PASO - 26:45](#)

PASO 6 DE 12

Apply stencil number six over the design. Blend ink through the stencil using the blending tool to complete the layering sequence with pink and blue tones.

[VER ESTE PASO - 28:00](#)

PASO 7 DE 12

Die-cut the flower heads using the outline die from the carnation and peony die sets. Position the outline die over the stamped and coloured flowers and run through your die-cutting machine.

[VER ESTE PASO - 31:30](#)

PASO 8 DE 12

Using scissors, carefully cut around the individual flower elements to separate them from the card base. Cut out each pink and purple peony and carnation piece that you've layered and stencilled.

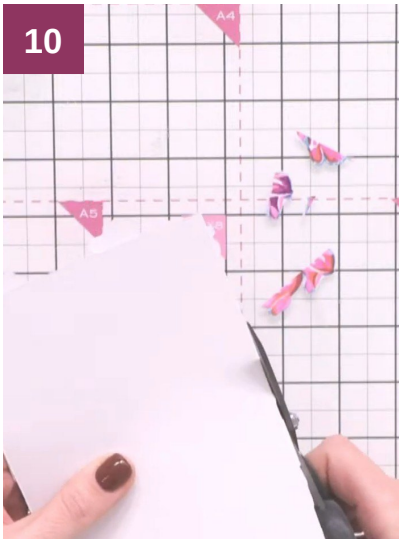

[VER ESTE PASO - 40:00](#)

PASO 9 DE 12

Arrange the cut-out flower pieces around the edges of a white card base to create a decorative frame. Use low-tack tape to temporarily position the flowers before adhering them permanently.

[VER ESTE PASO - 45:00](#)

10

PASO 10 DE 12

Trim away the excess paper from around the arranged flowers using scissors, carefully cutting close to the edges of the petals and leaves.

[VER ESTE PASO - 48:30](#)

11

PASO 11 DE 12

Apply foam pads to the back of each die-cut flower piece. This will create dimension and raise the flowers from the card base for a layered effect.

[VER ESTE PASO - 49:00](#)

12

PASO 12 DE 12

Adhere the raised flowers permanently to the card using glue. Add the 'SO GRATEFUL' sentiment die-cut to the centre of the card to complete the design.

CONSEJOS DEL PROGRAMA

- You can use the layering stencils in different colour combinations to create your own unique look.
- Don't worry about the flowers being in a perfect formation—break them up and create your own unique patterns and designs.
- You can add sparkle pens or sequins to give the card extra shimmer and shine.
