UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE TOGETHER CLUB - 14 DE FEBRERO DE 2025

EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a striking card featuring a beautiful poppy flower stamped onto coloured card stock. This elegant design showcases a delicate floral image in dark ink on a soft blue background, mounted on a black card base with a white border. The stamping technique allows you to produce multiple cards with the same design on different coloured backgrounds, giving you plenty of options to choose your favourite colour combination.

PASO 5 DE 8

Without moving the stamp, remove the card blank and replace it with your first piece of coloured card stock, positioning it in the corner of the stamping platform.

CONSEJOS DEL PROGRAMA

- Do not move your stamp between stampings—this is key to the technique.
- You may need to stamp twice on textured card stock to get good detail in all the grooves.
- If you have multiple pieces of card stock, you can cut them into strips and paper piece them back together to create additional unique cards from the offcuts.
