Place your teal card panel with the die-cut floral design on top into the pink die-cutting machine. Run the layered card and dies through the machine to cut out the shapes.

VER ESTE PASO - 22:45

PASO 5 DE 16

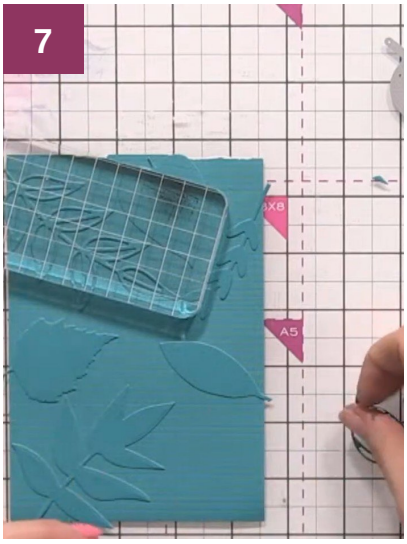
Remove the dies from the black card and carefully extract all the cut leaf pieces. Set the cut-out leaves aside for later use.

VER ESTE PASO - 23:45

PASO 6 DE 16

Glue the die-cut leaf pieces randomly onto the second sheet of teal card to create dimension. Position them at varying angles to build up a layered, textured effect.

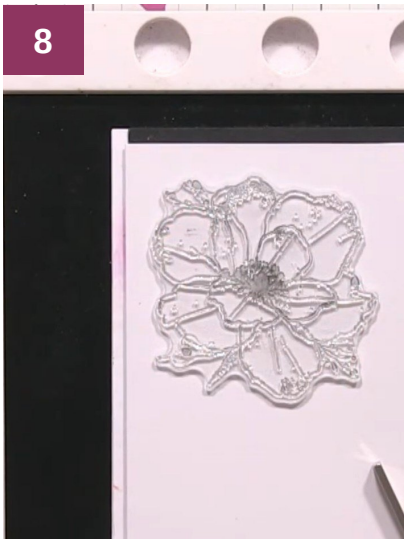
VER ESTE PASO - 25:00



PASO 7 DE 16

Trim the embossed teal background panel to your desired size using a trimmer, removing any excess card.

VER ESTE PASO - 30:00



PASO 8 DE 16

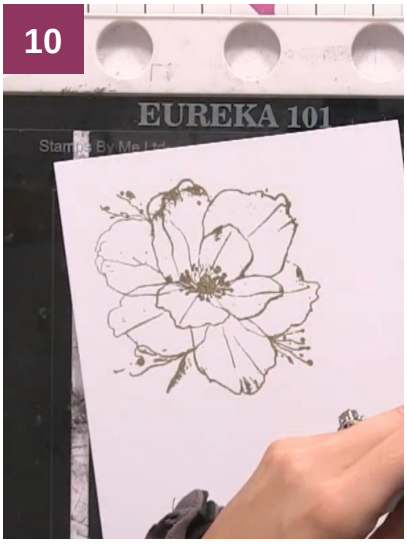
Stamp the large poppy stamp onto white card stock using a sticky embossing ink pad.

VER ESTE PASO - 36:30

PASO 9 DE 16

Immediately pour gold embossing powder onto the wet stamped image, covering all the inked areas completely. Tap off the excess powder onto your craft mat.

VER ESTE PASO - 39:00



PASO 10 DE 16

Brush away the excess gold embossing powder with a dry brush. Heat-set the remaining powder with a heat gun until it becomes shiny and fused to the stamped flower image.

VER ESTE PASO - 39:45

PASO 11 DE 16

Die-cut the heat-embossed flower using the coordinating poppy die and your die-cutting machine.

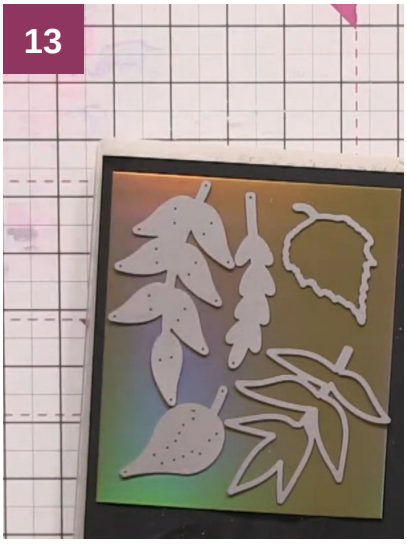
VER ESTE PASO - 42:00

PASO 12 DE 16

Use a layering stencil and blending brush with teal ink to add colour to the centre of the flower, leaving the outer petals white.

VER ESTE PASO - 48:15

13

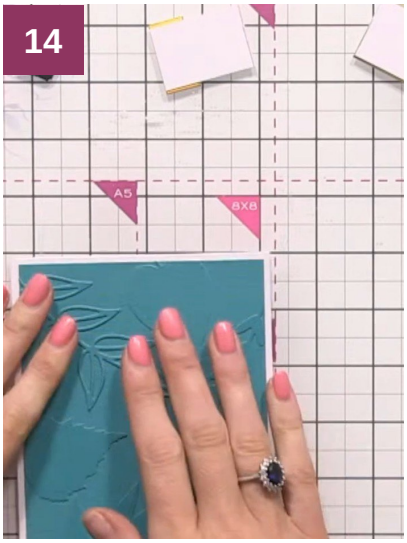


PASO 13 DE 16

Die-cut additional foliage pieces from gold card stock using the floral dies. These will be used as filler elements for your card design.

VER ESTE PASO - 52:30

14

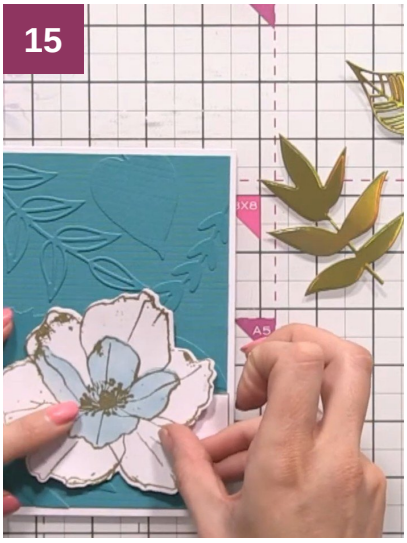


PASO 14 DE 16

Adhere the embossed teal background panel to a white card base, ensuring it is centred and secure.

VER ESTE PASO - 57:00

15

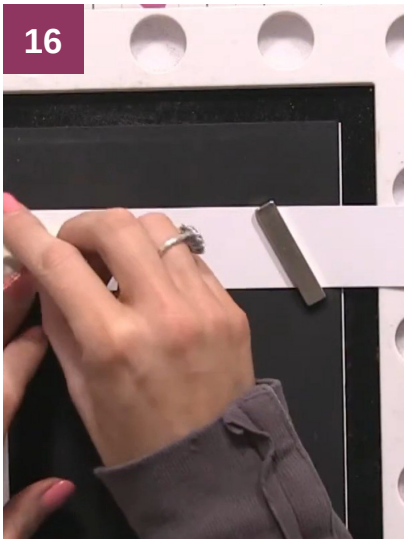


PASO 15 DE 16

Position the gold heat-embossed flower and foliage pieces onto the teal embossed card front. Arrange them to avoid covering the embossed leaf detail, then glue in place.

VER ESTE PASO - 59:45

16



PASO 16 DE 16

Stamp a sentiment such as 'Many Thanks' onto white card stock using sticky embossing ink.

VER ESTE PASO - 1:02:00

CONSEJOS DEL PROGRAMA

• Always place a soft surface (such as scrap card) underneath your card when die-cutting, as dies need to cut into something forgiving rather than a hard surface.
• Cut multiple die-cut pieces at once when your machine is already out, so you can make several cards without repeatedly setting up.
• If you don't have foam pads in your stash, create them by layering and gluing thin strips of scrap card together.
