SOBRE ESTE PROYECTO

Make a sophisticated friendship card with a soft green botanical design and three heartfelt sentiment strips. PASO A PASO

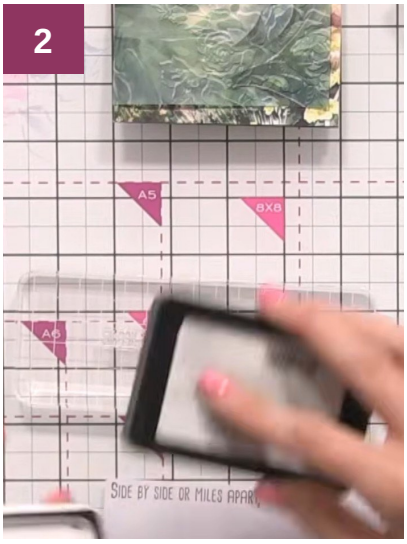
PASO 1 DE 8

Stamp your chosen sentiments onto white card stock using your Midnight hybrid ink pad. Position the stamps clearly so they can be cut into strips later.

VER ESTE PASO - 17:30



PASO 2 DE 8

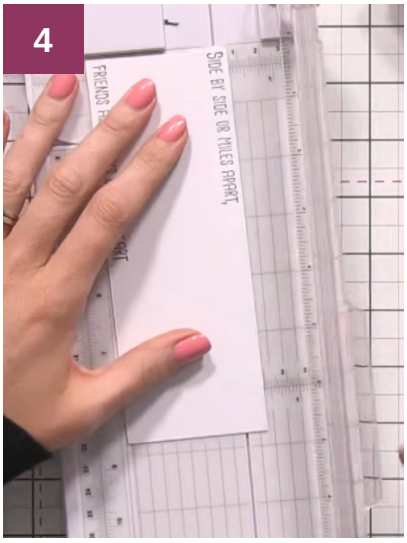
Trim each sentiment into separate strips using your mini trimmer for clean, straight edges. Cut them apart so they can be arranged individually on your card.

VER ESTE PASO - 18:00

PASO 3 DE 8

Take your ink pad and run it along the edges of your sentiment strips to create a faux layered effect with colour. Allow the ink to settle briefly, then pick up the strips with your acrylic block.

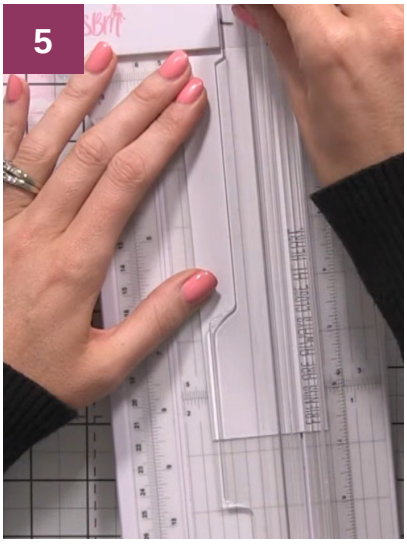
VER ESTE PASO - 19:00



PASO 4 DE 8

Cut a piece of vellum to overlay on your card base. You can adjust the length to suit your preference - it doesn't need to be as long as the card base.

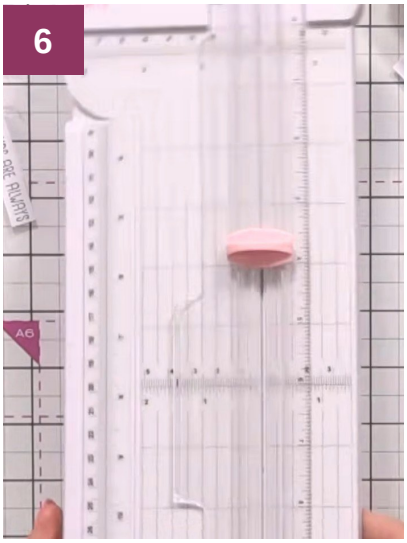
VER ESTE PASO - 20:00



PASO 5 DE 8

Position your vellum overlay on top of the card base. Secure it in place using double-sided tape at the edges.

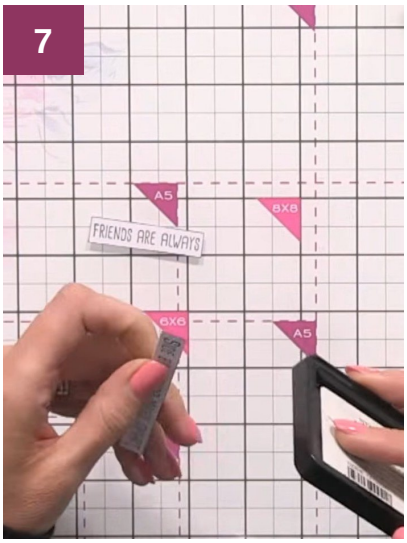
VER ESTE PASO - 20:30



PASO 6 DE 8

Arrange your sentiment strips on top of the vellum overlay, positioning them at varying heights for visual interest. Place the strips so they create a pleasing composition across the vellum panel.

VER ESTE PASO - 21:00



PASO 7 DE 8

Secure each sentiment strip to the card using double-sided tape, keeping them as straight as possible. Position the strips evenly across the vellum overlay.

VER ESTE PASO - 21:30

PASO 8 DE 8

Step back and assess the card, ensuring the lines of the card base, vellum overlay, and sentiment strips align neatly. Check that all three sentiment strips are positioned horizontally and evenly spaced on the green floral vellum panel.

VER ESTE PASO - 22:30

CONSEJOS DEL PROGRAMA

- You don't have to use sentiments exactly as they appear on the carrier sheet; you can trim and rearrange them as desired.
- Running your ink pad along the edges of card strips creates dimension without adding layers, keeping the card lightweight.
- Vellum looks completely different depending on what you place it on top of, so test your colour combinations before committing.
