

Watercolour Flower Card with Lamination Stamp

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MY PODCAST - 13 DE ENERO DE 2025

SOBRE ESTE PROYECTO

Create a beautiful floral card featuring pink watercolour-effect flowers with detailed black outlines and green foliage. This project uses a clever two-part lamination stamp system to achieve a realistic painted look without any painting skills required. The solid stamp holds vibrant coloured ink whilst the outline stamp adds crisp black detail for a professional finish.

CONSEJOS DEL PROGRAMA

- The waterproof black ink used for detail won't move when you add water, so you can layer safely.
- Don't worry if colours blend into each other—this creates a realistic watercolour effect.
