

Watercolour Flower Card with Acrylic Block Background

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MIGHTY MONDAY - 13 DE ENERO DE 2025

SOBRE ESTE PROYECTO

Create a vibrant greeting card featuring layered watercolour-effect flowers in coral, pink and green tones. The design showcases dimensional floral elements stamped and built up with coordinating images, set against a blended ink background in sunset hues of orange, pink and blue. Use an acrylic block technique to create the graduated background, then add your stamped flowers and a sentiment for a stunning handmade card.

PASO 2 DE 14

Ink up stamp number one with orange and pink ink, aligning the heart positioning marker on the stamp with your card.

[VER ESTE PASO - 8:45](#)

PASO 3 DE 14

Spray the inked stamp three times with water to create a watercolour effect, then press firmly onto the white card to transfer the ink.

PASO 4 DE 14

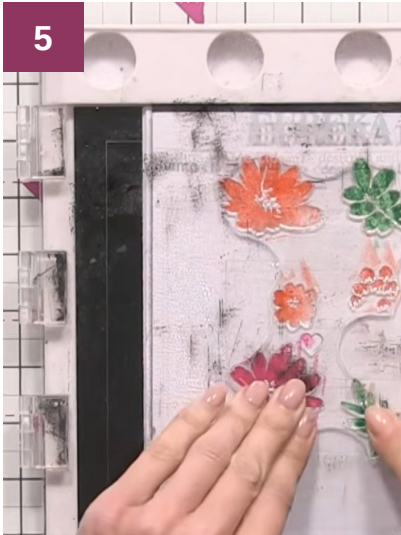

Clean the stamp and ink up the second stamp with a different colour combination. Line up the heart marker on the stamp with the existing heart on your card to position it correctly.

PASO 7 DE 14

Use stamp number four to add fine detail to the flower centres and leaves. Apply yellow ink to stamp the centres of the flowers and green ink for subtle definition on the leaves.

[VER ESTE PASO - 13:00](#)

PASO 8 DE 14

Carefully tear away the excess card around the stamped floral design to create a rough, organic edge. Remove any unwanted pieces to tidy up the edges of your stamped panel.

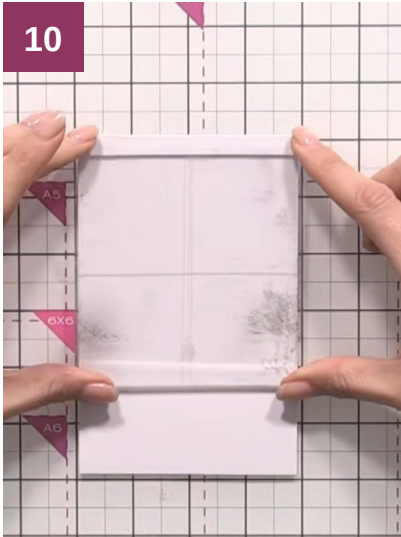

[VER ESTE PASO - 14:30](#)

PASO 9 DE 14

Place the stamped card into the die-cutting machine with the coordinating die and run through to cut out the flower design.

[VER ESTE PASO - 20:00](#)

10

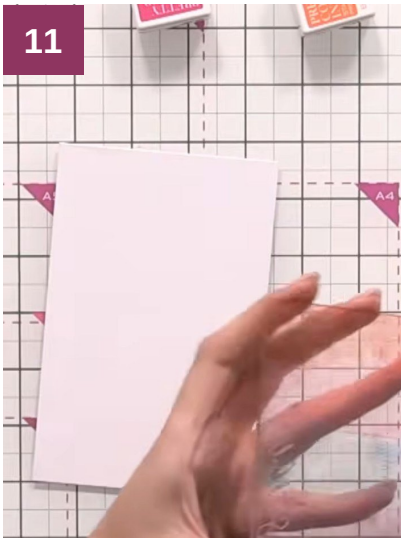

PASO 10 DE 14

Ink up an acrylic block with orange, pink, purple and teal inks, blending the colours together on the block surface.

[VER ESTE PASO - 23:00](#)

11

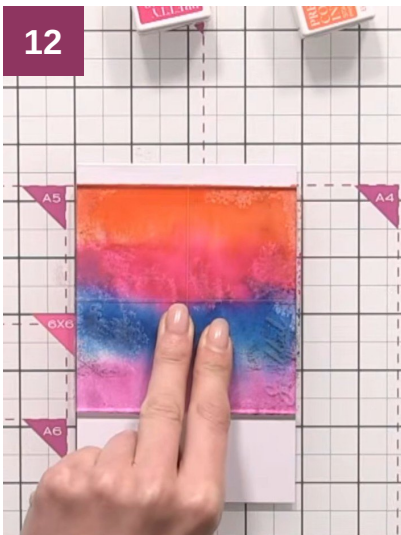

PASO 11 DE 14

Spray the inked acrylic block generously with water until saturated. Press the block upside down onto a pale pink card blank to transfer the watercolour background.

[VER ESTE PASO - 24:30](#)

12

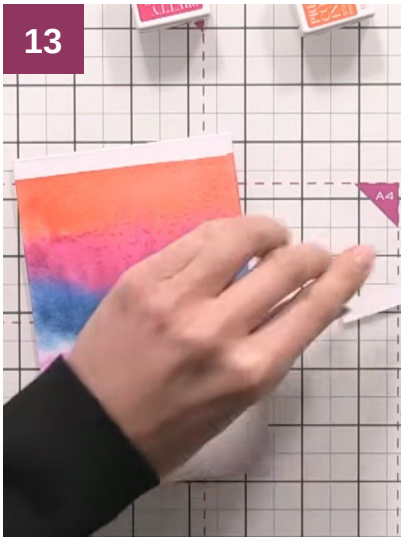

PASO 12 DE 14

Hold the acrylic block in place for a moment to allow the ink to transfer, then carefully lift it straight up to reveal the blended watercolour background. Set the card aside to dry completely before continuing.

[VER ESTE PASO - 25:30](#)

13

PASO 13 DE 14

Adhere the die-cut flower elements to the watercolour background card using glue. Arrange the floral pieces to create a pleasing bouquet composition on the lower portion of the card.

[VER ESTE PASO - 27:45](#)

14

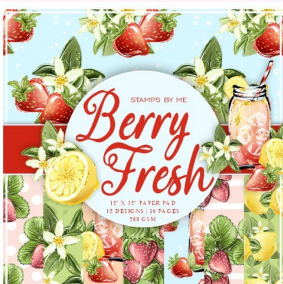

PASO 14 DE 14

Add your chosen sentiment to the card using adhesive foam pads to position it between or below the flower arrangement. The foam pads will add dimension to your sentiment.

CONSEJOS DEL PROGRAMA

- If you stamp one card, make at least two or three whilst you have all your inks and stamps out.
- You can use the same colour for multiple stamps or change colours with each layer for variety.
- For a grayscale version, use a dark grey ink pad and press lighter as you move down the acrylic block for a misty effect.
