

Artistic Watercolour Hibiscus Card with Stencil Layering and Spray Technique

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - ONE DAY SPECIAL - 8 DE NOVIEMBRE DE 2024

SOBRE ESTE PROYECTO

Create a stunning watercolour hibiscus card featuring delicate pink and coral flowers with soft green foliage. Using a layered stencil technique with watercolour paper, you'll build up beautiful depth by applying multiple ink colours through six different stencils. Finish with a water spray technique to blend the colours together, creating an organic, hand-painted effect with artistic colour bleeding.

PASO A PASO

1

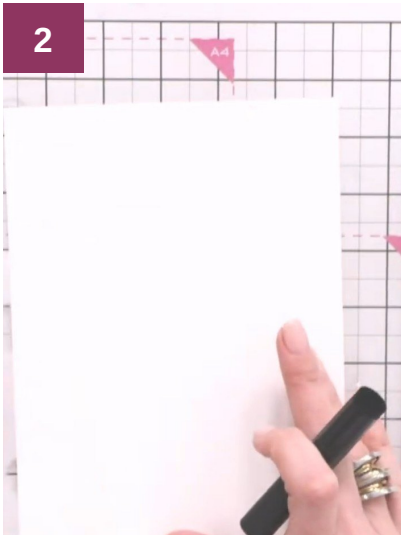

PASO 1 DE 10

Take two pieces of Carta watercolour paper in A5 size as your base for the project.

2

PASO 2 DE 10

Line up stencil number one with the edge of your watercolour card stock using the heart registration mark in the corner to ensure proper alignment.

[VER ESTE PASO - 30:15](#)

3

PASO 3 DE 10

Using a spot brush, tap Fandango ink onto the brush. Apply the colour lightly through stencil one onto your watercolour paper, working with gentle taps to build up the colour gradually.

[VER ESTE PASO - 30:30](#)

**PASO 4 DE 10**

Flip the second card over to work on the rough side of the Carta watercolour paper for a different textured finish.

[VER ESTE PASO - 31:00](#)**PASO 5 DE 10**

Apply the Fandango pink colour through stencil one onto the textured side of the watercolour paper, building up the colour and texture.

[VER ESTE PASO - 31:15](#)**PASO 6 DE 10**

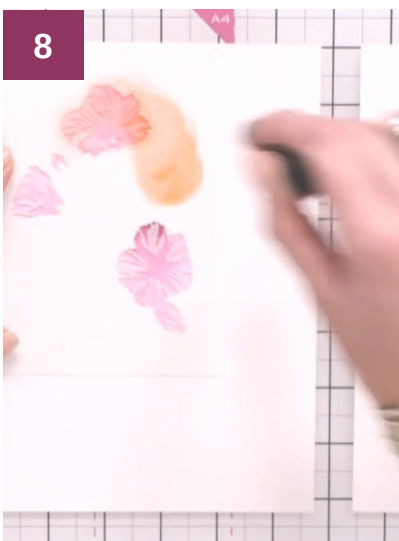

Spray the first card with water using a spray bottle to create colour bleeding and a soft, artistic watercolour effect. Allow the water to work its magic on the pink ink.

[VER ESTE PASO - 32:00](#)

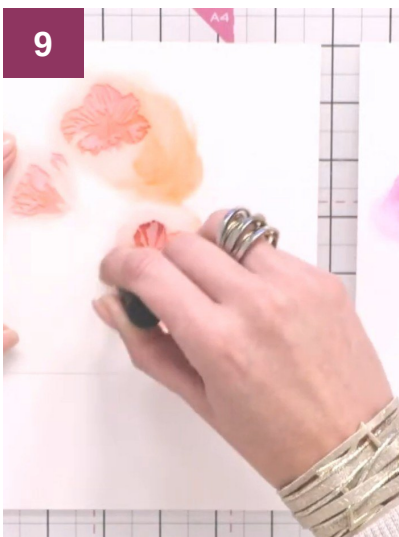

PASO 7 DE 10

Remove the first stencil and position the second hibiscus stencil on your watercolour card. Apply orange ink through the stencil using your brush.

[VER ESTE PASO - 32:45](#)

PASO 8 DE 10

Lightly spray the second card with water in selected areas to create controlled colour bleed. Focus on specific sections rather than covering the entire surface.

[VER ESTE PASO - 33:00](#)

PASO 9 DE 10

Continue layering with stencils three through six, applying green, teal, and blue inks in sequence. Spray water between some layers to create an artistic watercolour effect.

[VER ESTE PASO - 33:45](#)

10

PASO 10 DE 10

Use a heat gun to thoroughly dry your stencilled and sprayed watercolour card before proceeding to the next stage of your project.

CONSEJOS DEL PROGRAMA

- Go light with colour to start with as it is easier to add more than to take away.
- You can stop spraying at any point depending on how much artistic effect you want to achieve.
- The textured side of Carta paper creates a hand-painted appearance when used with stencils and layering techniques.
