PASO 2 DE 16

Cut the front off the second card blank using a guillotine, keeping the back panel intact. Position the card on the cutting mat and trim along the fold line to remove the front panel.

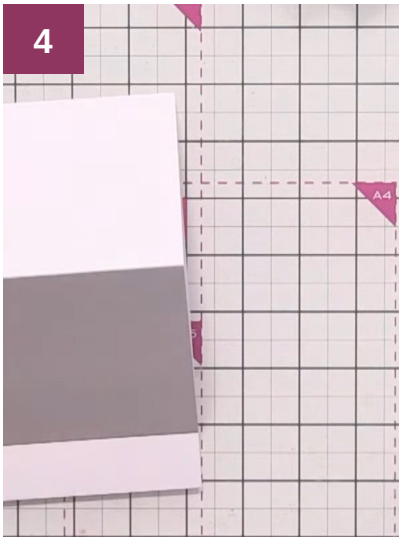

[VER ESTE PASO - 21:00](#)

PASO 3 DE 16

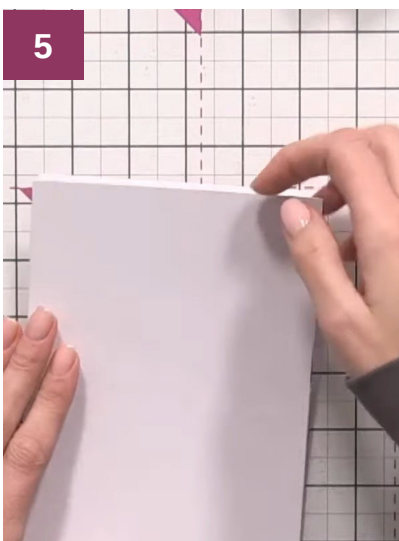

Apply double-sided tape to the lower portion only of the grey cut front panel. Stick it to the front of your scored white base card, aligning it carefully so the card can stand up when opened.

CONSEJOS DEL PROGRAMA

- Only apply tape to the lower portion of the front panel so the card can stand up properly when opened.
- Make three easel cards at once to save time—do all the scoring, cutting and matting together rather than repeating the process.
- If your cuts aren't perfect, use an ink pad to edge around the cut pieces to hide any imperfections.
