SOBRE ESTE PROYECTO

Create an artistic card featuring a watercolour ink wash background with an abstract stamped lady image. PASO A PASO

1

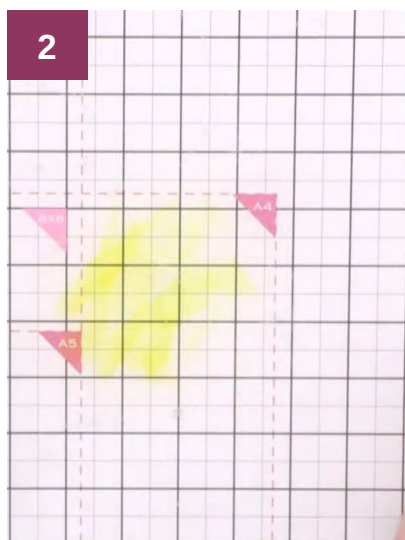

PASO 1 DE 11

Cut a piece of white card stock slightly smaller than your card blank to use as your working surface.

2

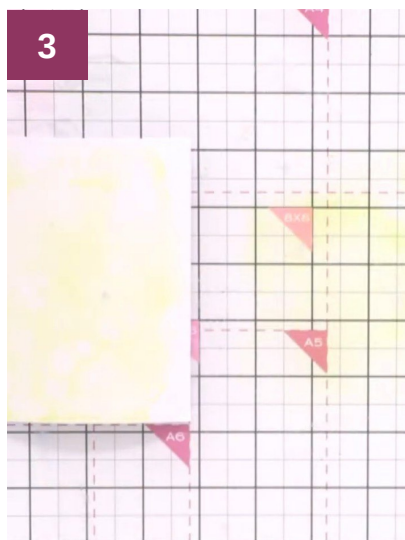

PASO 2 DE 11

Spray water onto your craft mat to create a wet working area. Add drops of yellow ink from the Sherbet ink pad directly onto the wet mat. You can also spray the card lightly with water if desired.

[VER ESTE PASO - 41:00](#)

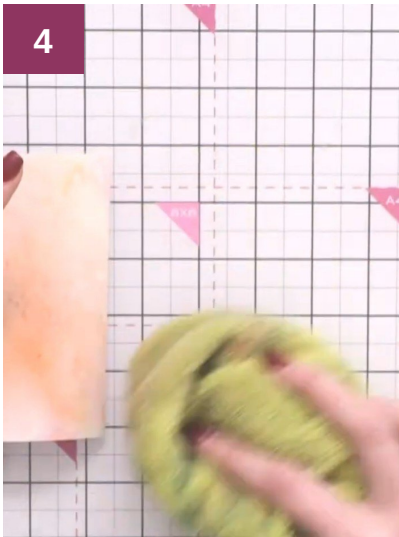

3

PASO 3 DE 11

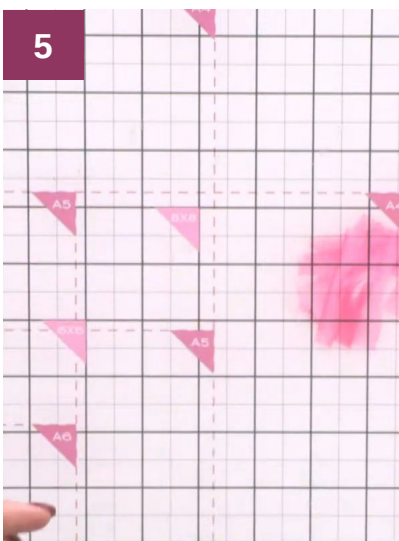

Press your wet card face down into the yellow ink puddle, allowing the colour to transfer and blend across the surface.

[VER ESTE PASO - 41:15](#)

PASO 4 DE 11

Rinse your card under water to remove excess ink. Pat dry with kitchen roll. Repeat the process with orange ink (Bittersweet) in a separate area of your craft mat, applying the ink and spritzing with water.

[VER ESTE PASO - 41:45](#)

PASO 5 DE 11

Apply pink ink to your card to create a third colour wash. Build up a gradient effect by blending the pink with the existing peach and teal washes, working the colours together to create smooth transitions.

[VER ESTE PASO - 42:00](#)

PASO 6 DE 11

Use a heat tool to dry the card completely. Move the heat tool over the entire surface of the card until all the ink is dry.

[VER ESTE PASO - 42:30](#)

7

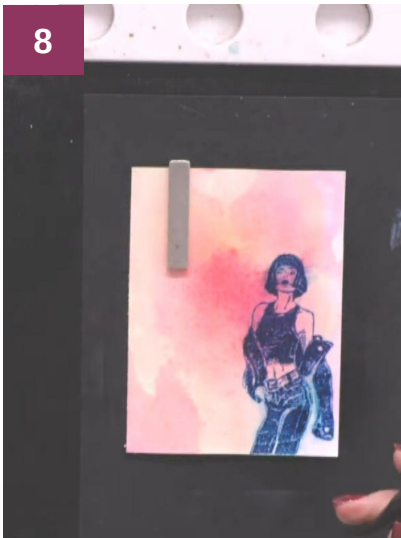

PASO 7 DE 11

Ink up your lady stamp with a dark teal or navy ink pad (such as Indigo or Ocean) and press firmly onto the dried watercolour card to create a clear impression.

[VER ESTE PASO - 46:00](#)

8

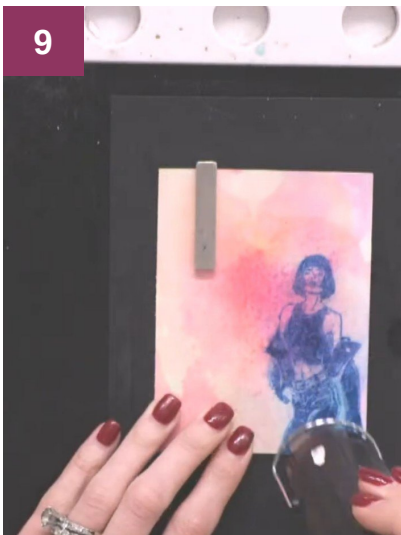

PASO 8 DE 11

Lightly spray the stamped image with water to create a fuzzy, bled effect around the edges, allowing the colours to bleed slightly into the background.

[VER ESTE PASO - 46:15](#)

9

PASO 9 DE 11

Once the watercolour wash is completely dry, re-stamp the same lady image directly over the top using black ink. This will add crisp definition and detail over the soft watercoloured background.

[VER ESTE PASO - 47:00](#)

10

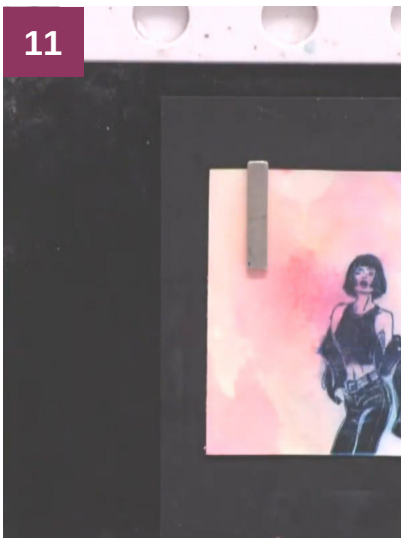

PASO 10 DE 11

Use a white gel pen to add fine details to the lady figure, such as hairlines, belt lines and other accents to bring back definition and highlights.

[VER ESTE PASO - 48:00](#)

11

PASO 11 DE 11

Mount your finished watercolour lady artwork onto a black card blank using adhesive. Position it centrally in the aperture to create a striking frame for your abstract design.

CONSEJOS DEL PROGRAMA

- Use a plastic bag to smooch and blend ink colours on wet card for soft, organic effects.
- Spray the card lightly with water after stamping to encourage the ink to bleed and create a fuzzy halo effect.
- White gel pens can accentuate details and bring back definition after layering multiple ink applications.
