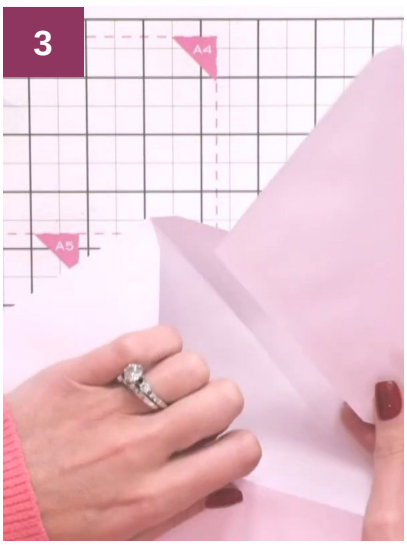
PASO 2 DE 11

Tuck the taped envelope inside the second envelope, corner to corner, and press down firmly to create your base album.

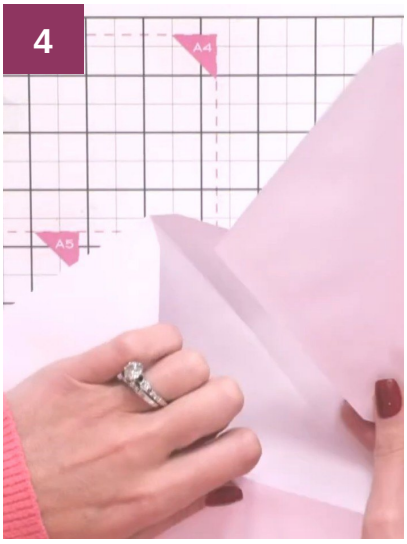
VER ESTE PASO - 6:30



PASO 3 DE 11

Apply tape to the flap of a third envelope, positioning it slightly away from the score line to ensure the album closes properly.

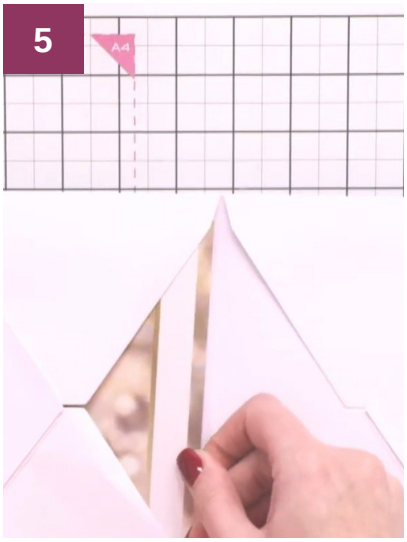
VER ESTE PASO - 7:15



PASO 4 DE 11

Position the third lilac envelope on top of your base envelope, aligning it with the previous envelope but leaving a small gap at the fold line to allow the album to open properly.

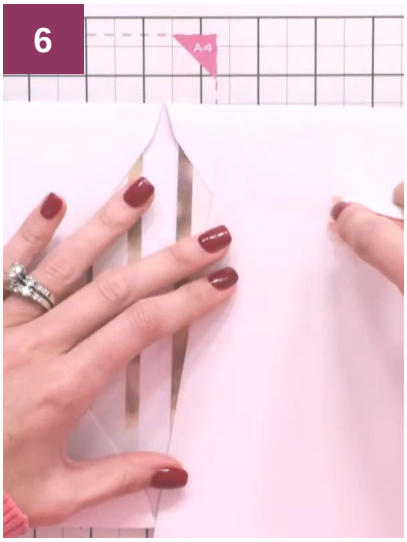
VER ESTE PASO - 7:45



PASO 5 DE 11

Select a topper from the card kit and punch a circle in the centre using a circle punch.

VER ESTE PASO - 9:15



PASO 6 DE 11

Apply tape only to the top edge of the pink mat and layer. Do not tape the full perimeter, so the envelope beneath can still pull out as a pocket.

PASO 7 DE 11

Adhere the decorated mat and layer to the front of your pocket envelope, positioning it centrally over the gold foiled aperture.

VER ESTE PASO - 12:30

PASO 8 DE 11

Continue adding pockets to additional pages by taping new envelopes on three sides only, leaving the top open. This creates multiple pull-out pockets throughout your album for storing cards.

VER ESTE PASO - 15:00

PASO 9 DE 11

Cut out the fairy and dragonfly embellishments from the kit. Trim away any white edges if desired for a neater finish.

PASO 11 DE 11

Distress the edges of your embellishments with ink to blend them with the card design. This helps create a cohesive, vintage look across all elements of your project.

CONSEJOS DEL PROGRAMA

- You don't need to buy the kit just for the envelopes—use any envelopes from your stash.
- Leave a small gap at the fold line when taping pages so the album closes properly.
- Only tape the top edge of mat and layers if you want the envelope beneath to pull out as a pocket.
