PASO A PASO

PASO 1 DE 12

Die cut the large reindeer panel design from white card stock. This creates the white silhouette that will form the base of your dimensional card design.

PASO 2 DE 12

Save the waste piece from the reindeer die-cut, as it creates a beautiful stencil effect showing the silhouette design with decorative stars and baubles.

PASO 3 DE 12

Die-cut the tree silhouettes from white card stock using the stencil. Keep the die-cut pieces attached at the bottom of the card so they remain in place, then carefully snip them away from the card base.

PASO 8 DE 12

Layer the white tree die-cuts at varying heights behind the silhouette panel using foam pads to create a dimensional cascade effect. Position the trees so they show through the cut-out areas of the panel.

PASO 9 DE 12

Using scissors, carefully trim away any excess parts of the tree stencil that extend beyond the edges of your card base to create a neat finish.

[VER ESTE PASO - 39:00](#)
