UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MY PODCAST - 19 DE AGOSTO DE 2024

SOBRE ESTE PROYECTO

Create a stunning slimline card featuring an intricate floral design embossed on black cardstock and highlighted with white ink. The 3D embossing creates beautiful raised texture across the entire card front, with delicate flowers and leaves creating an elegant monochrome effect. This sophisticated technique combines embossing and stamping to produce a striking contrast perfect for special occasions.

Run the embossing folder with your card through your die-cutting machine to create the embossed floral detail. The embossing creates a lovely chamfered edge around the design, adding an elegant finishing touch.

If your card is too large for your die-cutting machine, run it through twice, repositioning the card to capture both ends of the embossed design.
