2

PASO 2 DE 7

Stamp the reflection trees onto your card base using your primary ink colour. Position the stamps to create a mirrored forest effect across the bottom portion of the card.

3

PASO 3 DE 7

Add secondary stamping with a contrasting or complementary colour to create layers. Stamp the tree image again using a different ink colour to build depth and dimension in your design.

4

PASO 4 DE 7

Apply distress ink to the card panel using a blending tool in gentle circular motions. Work the ink across the surface to soften edges and create atmospheric effects around the stamped tree image.

5

PASO 5 DE 7

Select a sentiment stamp from your kit that complements your card's theme. Stamp it onto the card using black ink, positioning it appropriately to complete your storytelling design.

6

PASO 6 DE 7

Mount your finished design onto a grey card base for added impact. This creates a contrasting border that frames the tree scene beautifully.

7

PASO 7 DE 7

Review your finished cards to ensure the storytelling elements are clear and the design is balanced. Check that the layered tree reflections create a cohesive scene and the sentiment complements the imagery. Make any final adjustments to the positioning or colour placement if needed.
