

Nested Stencil Frame with Blended Ink and Stamped Edge

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 30 DE ABRIL DE 2024

SOBRE ESTE PROYECTO

Create an elegant layered card featuring a perfectly framed square aperture with blended ink backgrounds in soft pink tones. Use nested stencils taped together to create the frame, then add a beautiful stamped floral design cascading down one side for a professional, sophisticated finish. This technique combines stencilling, ink blending and stamping to achieve a stunning dimensional effect.

CONSEJOS DEL PROGRAMA

- Dye ink is malleable and workable, allowing you to blend with water and paint with it for varied effects.
- Taping stencils together makes them easier to control and prevents air pockets.
