PASO A PASO

1

PASO 1 DE 8

Create a mop-up background by stamping leftover ink from your palette onto white card stock using aperture stencils and the lamp post stamp from the Trendsetter set. Layer the stencils to create depth and interest in the background.

5

PASO 5 DE 8

Stamp the City Lights London stamp over the top of your composition using embossing ink. Apply the ink evenly across the stamped background to create the layered effect.

CONSEJOS DEL PROGRAMA

- Don't waste ink—use mop-up backgrounds created from cleaning your brushes and stencils to create unique, artistic bases.
- When using embossing powder, tap the stamp at least four times to ensure good ink coverage before applying the powder.
- Use a white gel pen to add light areas and highlights, which makes a big difference in pulling the design together.
