

Perfectly Paired Watercoloured Character Card

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 25 DE ABRIL DE 2024

SOBRE ESTE PROYECTO

Create a fresh, contemporary card featuring a watercoloured character illustration on a bold black background. Using loose watercolour blending in blues and greens, this design showcases a casual figure in jeans and trainers with hand-lettered text. The simple yet striking composition demonstrates how one stamp can create a complete card with minimal effort.

PASO A PASO

PASO 1 DE 6

Stamp one of the character variations from the Perfectly Paired stamp set onto your pre-made inky background using Versafine ink. Position the stamp carefully to place the character where desired on the background.

PASO 2 DE 6

Position a sentiment stamp from the Perfectly Paired collection in the centre of your watercoloured panel. Ink the stamp with black ink and press firmly onto the panel to create a clear impression.

PASO 3 DE 6

Prepare your watercolours in pink, green and blue. Begin painting loosely over the creases and folds of the character's clothing, working on one side at a time to build up colour and depth.

VER ESTE PASO - 49:15

PASO 4 DE 6

Using a damp brush, pull the watercolour across the stamped image to create light and shadow effects. Build up depth gradually, working in layers without over-saturating the card.

PASO 5 DE 6

Build up colour on the watercoloured image by adding a slightly deeper tone to create additional depth and dimension. Layer the colours to achieve a more fluid and transparent effect, adding richness to the design.

PASO 6 DE 6

Once the watercolour is completely dry, mount your finished artwork onto a black card mat and then onto your card base to complete your character card.

CONSEJOS DEL PROGRAMA

- You can watercolour on smooth 250 GSM card stock if you don't over-saturate it—just avoid layering too many times to prevent the card from buckling.
- Paint over all the black lines to create hidden depth that you wouldn't get otherwise.
