Radiant Poppies Layered Stencil Card with Splats

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - THE BRAND NEW LAUNCH - 23 DE JULIO DE 2026

EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create stunning layered poppy cards with a contemporary artistic style. Using numbered stencils and vibrant inks in purples, blues and pinks, you'll build up dimensional floral designs with added paint splats for texture. The result is two beautiful cards - one with a soft pastel aesthetic and another with dramatic contrast on black - perfect for birthdays or special occasions.

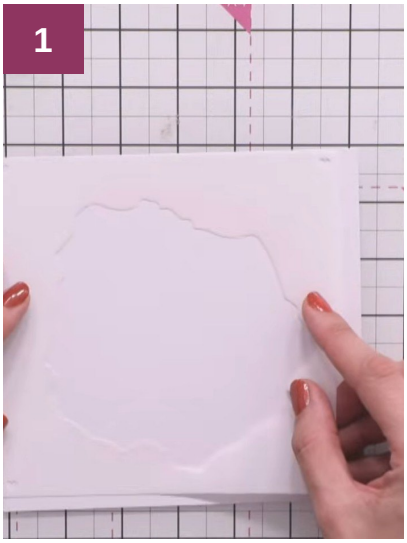
PASO A PASO



PASO 1 DE 8

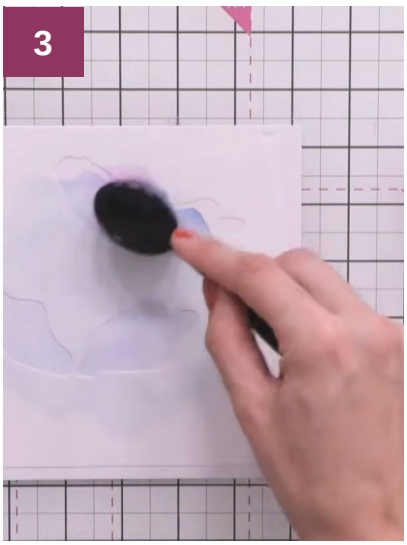
Take your first piece of white card and position stencil number one in the top corner, lining it up with the edge of the card.

VER ESTE PASO - 38:30

PASO 2 DE 8

Using a blending brush, apply light blue ink loosely through the first layer of the Radiant Poppies stencil. Work with a light touch, allowing the coverage to be patchy as subsequent layers will build up the design.

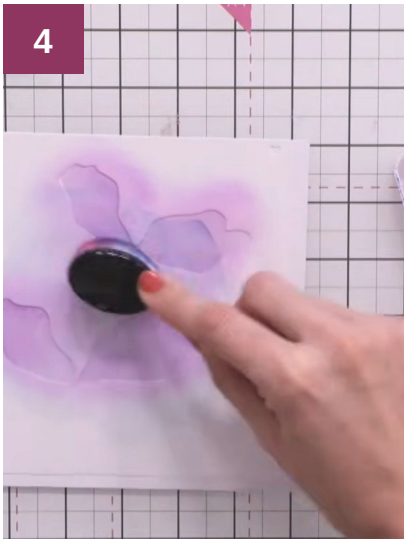
VER ESTE PASO - 39:00



PASO 3 DE 8

Position stencil number two, lining it up with the edge, top and side of the card. Apply purple ink through the stencil using a blending tool to build definition between the layers.

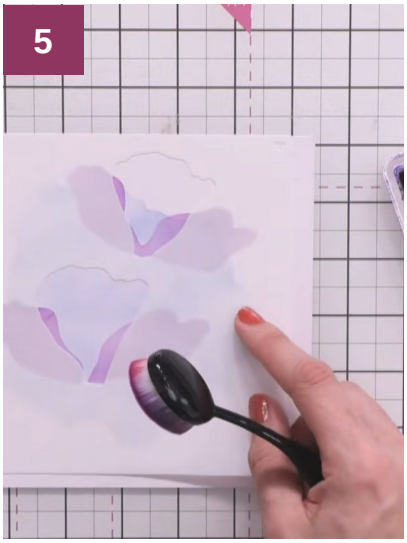
VER ESTE PASO - 39:30



PASO 4 DE 8

Continue applying stencils three, four and five in sequence using purple ink. Change the shade of purple with each layer and press slightly harder to build up depth and dimension in the poppy design.

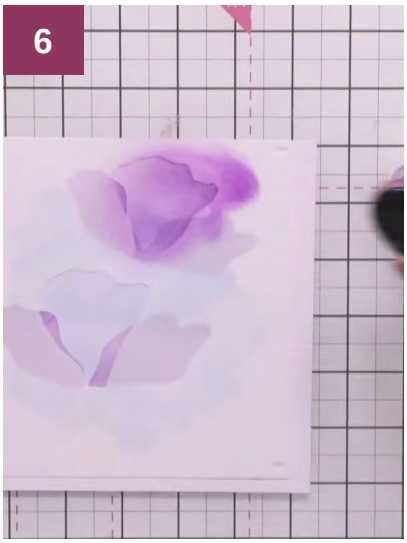
VER ESTE PASO - 40:00



PASO 5 DE 8

Position the splat stencil randomly across the card. Use the ink pad to apply purple ink through the stencil openings to create artistic splatter effects on your card.

VER ESTE PASO - 40:30



PASO 6 DE 8

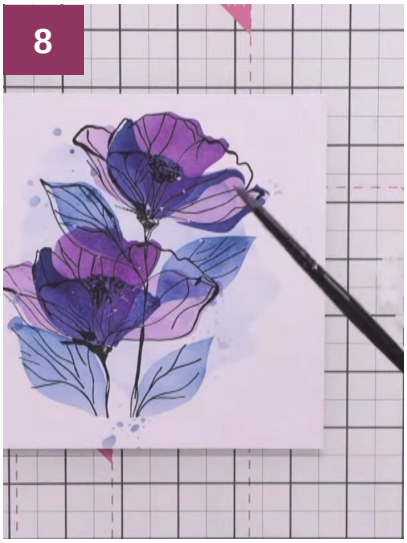
Move the splat stencil to different positions on your card and add more purple ink splats as desired to create additional texture and interest across the design.

VER ESTE PASO - 41:00

PASO 7 DE 8

Stamp the large poppy stamp in black ink onto the layered background, positioning it over the stencilled layers to complement the purple and blue watercolour design.

VER ESTE PASO - 44:45



PASO 8 DE 8

Optional: Add white splats to the card for extra artistic detail. Spray white ink onto a paintbrush and flick it over the card to create splatter marks.

VER ESTE PASO - 49:30

CONSEJOS DEL PROGRAMA

- If making one card, make three or five at the same time so you only wash your stencils once.
- Don't worry if the background isn't perfect as the layers and stamp will cover any imperfections.
- You can use the dies to cut out the flower and reposition it if you're unhappy with the background colour.
