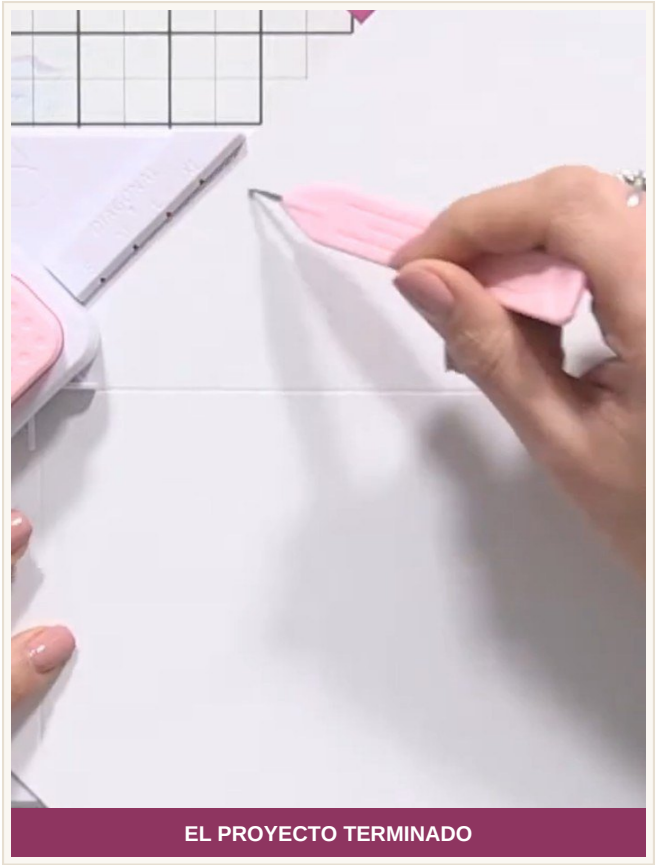
Caja regalo cúbica de 4x4x4 sin pegamento

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MY PODCAST - 22 DE ABRIL DE 2024



EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a clever 4x4x4 inch cube gift box from a single sheet of 12x12 inch paper that requires no glue to assemble. Using an envelope-making board with measurement guides, you'll score and fold the paper to create interlocking flaps that hook together securely. This ingenious design produces a sturdy white cube box perfect for presenting small gifts like socks, jewellery or bath products.

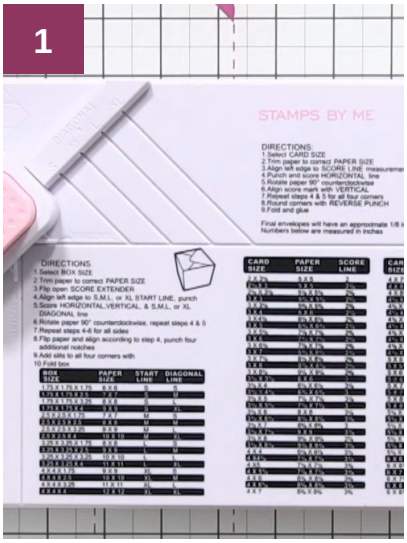
MÍRALO EN EL PROGRAMA

PASO A PASO

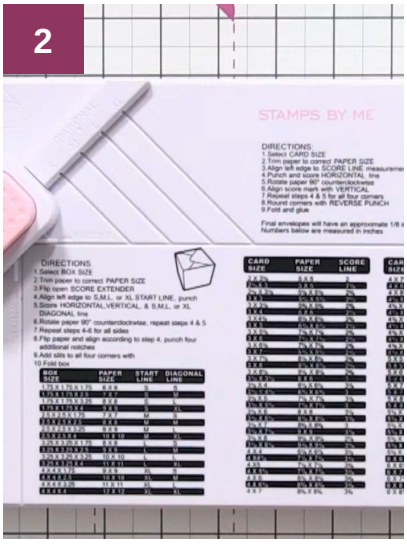
1



PASO 1 DE 10

Place your 12x12 sheet of paper on the scoreboard with the white side facing up so you can see the scoring lines clearly.

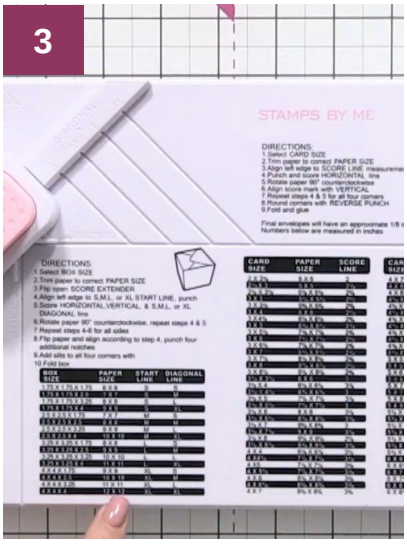
VER ESTE PASO - 37:00



PASO 2 DE 10

Locate the start line marked with a small triangle on your scoreboard. Score down the XL line using the scoring tool.

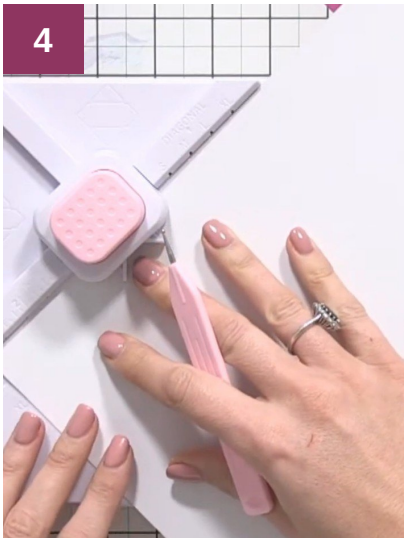
VER ESTE PASO - 37:15



PASO 3 DE 10

Score across the paper at the XL marking on the envelope punch board. Score along the diagonal line at XL, then punch the corner using the punch board.

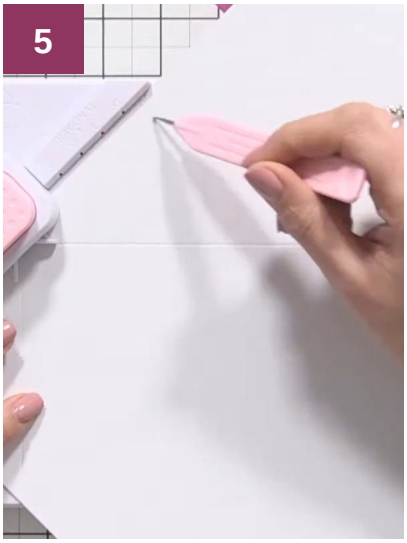
VER ESTE PASO - 37:30



PASO 4 DE 10

Turn the paper 90 degrees. Score down at XL, score across at XL, score along the diagonal at XL, and punch the corner.

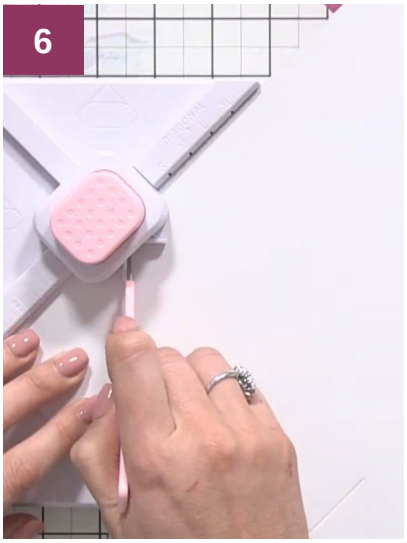
VER ESTE PASO - 38:00



PASO 5 DE 10

Rotate the card 90 degrees and repeat the scoring process. Continue rotating and scoring at the XL diagonal line on all four sides of the square until complete.

VER ESTE PASO - 38:30



PASO 6 DE 10

Use the hook-and-eye punch on the scoreboard to punch holes at each corner where the diagonal score lines meet. Turn the card 90° and punch again to create the locking mechanism.

VER ESTE PASO - 39:00

PASO 7 DE 10

Score along all the remaining score lines on the paper using your scoring tool or the scoreboard. Work systematically to ensure all lines are scored, including the diagonal lines.

VER ESTE PASO - 39:30

PASO 8 DE 10

Fold the sides of the box upwards along the score lines. Hook the corner pieces together using the tab-and-slot system you created earlier to form the cube shape.

VER ESTE PASO - 40:00

PASO 9 DE 10

Fold up the remaining side pieces of the box. Hook the tabs together to complete the box assembly without using any glue.

VER ESTE PASO - 40:30

10

PASO 10 DE 10

Decorate the finished box with ribbons or bows if desired, or leave it plain for a clean, elegant finish. The marbled pink and rose gold glitter paper creates a beautiful decorative effect on its own.

VER ESTE PASO - 41:00

CONSEJOS DEL PROGRAMA

- Once you have made the box once, you won't need to refer to the instructions again.
- Save your instruction sheet by laminating it so you can refer to it later if needed.
- You can stack boxes of different sizes inside each other for a nested effect.
