EL PROYECTO TERMINADO

**SOBRE ESTE PROYECTO**

Create a stunning handmade card featuring an elegant gown in beautiful purple and pink tones. This project uses the innovative two-part lamination stamp system to achieve a hand-painted watercolour effect without any colouring skills required. Simply ink the first stamp with multiple colours, spray with water, then layer the detailed second stamp on top to create gorgeous depth and dimension.

Spray the inked stamp with water three to four times to help the colours blend and bleed together.

PASO 7 DE 9

PASO 9 DE 9

Carefully lift the stamp straight up and away from the card to reveal the finished multicoloured laminated gown image with intricate detail and a hand-painted effect.

## CONSEJOS DEL PROGRAMA

- Make three cards at once to avoid repeatedly putting away and getting out your inks and supplies.
- The second stamp does not need to match up perfectly—the design is forgiving and free-flowing.
- Use any water-based inks you have in your stash, including distress inks, for the first coloured layer.
