

Tarjeta con escena de balcón efecto grabado

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 9 DE ABRIL DE 2024

SOBRE ESTE PROYECTO

Make an elegant card with a detailed balcony stamp that captures the look of a vintage etching or old photograph. Using kraft cardstock, water spray techniques, and subtle colour accents, you'll create depth and texture, then finish with black ink edging and white gel pen highlights for an aged, sophisticated effect. The result is a timeless architectural scene perfect for thoughtful greetings.

PASO 3 DE 10

CONSEJOS DEL PROGRAMA

- The closer you look at this stamp, the more pixelated it appears, but from a distance it looks like a photograph.
- Have confidence adding colour—it will dry back much lighter than it appears when wet.
- You can build colour gradually if you're shy with it, adding layers until you're happy.
