

Stencil and Die Layered Card with Shaped Elements

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 9 DE ABRIL DE 2024

SOBRE ESTE PROYECTO

Create an elegant birthday card featuring a beautiful floral wreath design with soft watercolour backgrounds in pink, blue and purple. Using the innovative twist-and-turn die system, you'll layer two die-cut elements to form a complete wreath frame, then add stencilled texture and dimension for a professional finish without any colouring required.

PASO A PASO

1

PASO 1 DE 8

Use the stencil and die set to create your card outline. Position the stencil on white cardstock and use it as a guide to create a shaped card base with the hummingbird and floral design.

2

PASO 2 DE 8

If desired, apply texture paste through the stencils onto your card to add dimension and tactile interest. Allow the paste to dry completely before proceeding to the next step.

3

PASO 3 DE 8

Use the coordinating die to cut out the hummingbird and floral design from your stamped and coloured image. This will create the shaped exterior element for your card.

4

PASO 4 DE 8

Use the twist-and-turn die technology to cut two hummingbird elements. Twist the two pieces together to create a complete layered design with the purple flowers and wings aligned.

5

PASO 5 DE 8

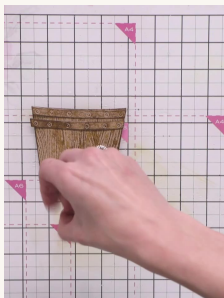

Ink the stencil system with your chosen colours. Select from the range of vibrant ink pads available, including orange, blue, yellow, pink, purple, and green shades.

6

PASO 6 DE 8

Layer the stencilled elements with the die-cut shapes using foam pads for dimension. Position the coloured hummingbird and floral die-cuts onto your card, building up the layers to create a three-dimensional effect.

CONSEJOS DEL PROGRAMA

- You do not need to be a skilled colourist to use this system; the stencils create beautiful effects on their own.
- You can use the stencil and die separately if you prefer, or combine them for maximum impact.
- The twist-and-turn die technology creates a full wreath design when two cut elements are twisted together.
