SOBRE ESTE PROYECTO

Create an elegant coordinating envelope featuring a beautiful floral rub-on transfer design. This project uses soft pink, grey and blue tones with delicate botanical motifs to complement your handmade card. The rub-on transfer technique gives a professional printed finish without any shine or visible edges, perfect for special occasions.

CONSEJOS DEL PROGRAMA

- The rub-on has no shine or exterior outline, so it looks like the envelope has been professionally printed.
- The uncoated envelope allows you to stamp onto it if desired.
- Use a flat-edged tool rather than a pointed one for best results.
