

Perfect Blooms Layered Stencil Card with Die-Cut Shaped Finish

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 25 DE FEBRERO DE 2024

EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a stunning dimensional card featuring beautiful layered blooms in warm coral, peach and yellow tones with contrasting dark foliage. Using six coordinating stencils, you'll build up intricate colour layers with ink pads, add optional sparkle paste for extra dimension, then finish with a shaped die-cut edge for a professional, eye-catching result that looks far more complex than it actually is to make.

PASO 9 DE 12

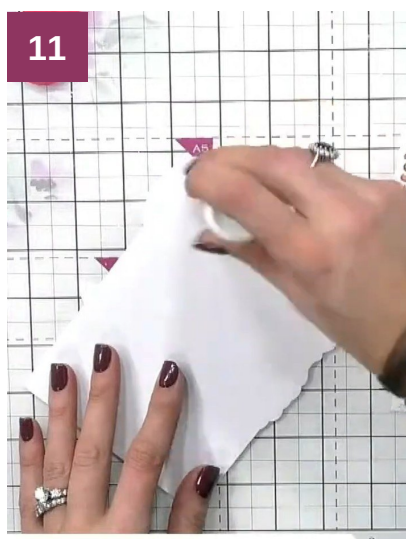

Use the outline die from the Love Is All Around die set to cut around the stamped floral design on white card stock, creating a shaped piece that follows the contours of the flowers.

[VER ESTE PASO - 36:30](#)

**PASO 10 DE 12**

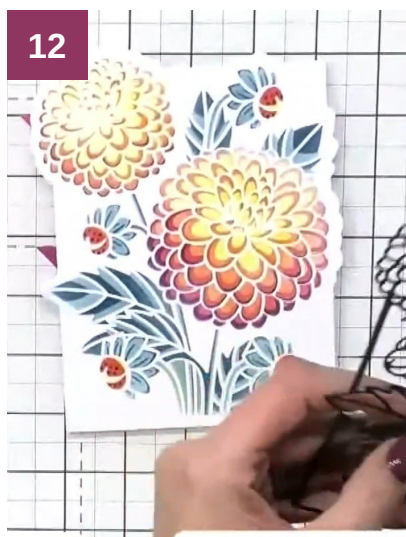

Cut a second identical shape from white card stock using the same die to create the card base.

[VER ESTE PASO - 37:45](#)

**PASO 11 DE 12**

Apply glue to the top of one shaped piece and adhere it to the second shaped piece, creating a lifted, dimensional finish.

[VER ESTE PASO - 38:00](#)

**PASO 12 DE 12**

Add a sentiment stamp to complete your card, or leave it as is for a beautiful floral design. The layered stencilled blooms create a stunning focal point on the shaped card.

CONSEJOS DEL PROGRAMA

- You can stop after the stencil layers without using the die-cut if you prefer a simpler finish.
- If you want to darken an area after removing a stencil, simply line it back up in the corner and apply more colour.
- Batch make multiple stencilled versions in different colour combinations, then matt, layer and finish them later when you have time to breathe.
