PASO A PASO

1

PASO 1 DE 10

Select a decorative mount from the Wishful Charm collection.

Choose one with fussy-cut floral elements that you'd like to use for your project.

2

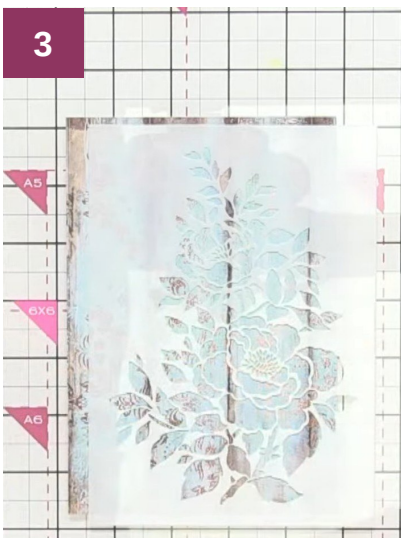

PASO 2 DE 10

Trim your decorative paper card base to your preferred size. You can create a rectangle shape rather than keeping it as a square.

3

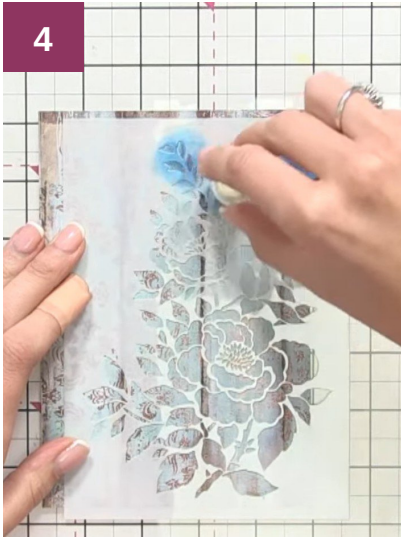

PASO 3 DE 10

Tap your teal ink pad on scrap paper to remove excess ink before applying to your project. This prevents applying too much colour to your floral design.

4

PASO 4 DE 10

Using a sponge dauber, lightly apply teal ink to the leaves of your stencil. Build up the colour gradually to create a soft, burnished effect on the floral design.

5

PASO 5 DE 10

Carefully remove the stencil to reveal the dimensional teal ink pattern on the leaves. Observe the textured effect created by the ink application.

6

PASO 6 DE 10

Apply soft pink ink very lightly to the flower centre. Allow the pink to blend with the underlying teal to create a purple tone.

7

PASO 7 DE 10

Clean your stencil with a spray bottle and tissue to remove excess ink before applying sparkle paste. Wipe gently to ensure the stencil is clean and ready for the next layer.

8

PASO 8 DE 10

Apply sparkle paste generously through the stencil using your finger or a spatula, ensuring all areas of the floral design are well filled. Work the paste into all the details of the pattern for complete coverage.

[VER ESTE PASO - 54:00](#)

9

PASO 9 DE 10

Allow the sparkle paste to dry completely. Once dry, carefully remove the stencil to reveal the raised, glossy floral design on your decorated paper.

[VER ESTE PASO - 56:30](#)

10

PASO 10 DE 10

Mount your finished stencilled piece onto your card base using adhesive. Position it centrally and smooth down firmly. Add a sentiment if desired to complete your card.

CONSEJOS DEL PROGRAMA

- You can use the stencil on its own without any colour underneath if you prefer a clean sparkle effect.
- The sparkle paste has an underlay of glue which disperses, leaving just the sparkle visible.
- These stencilled flowers work beautifully as focal points and need minimal additional embellishment.
