UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MY PODCAST - 6 DE FEBRERO DE 2024

SOBRE ESTE PROYECTO

Make an elegant card using the reflection stamp system to create a silhouetted figure against atmospheric urban night paper in soft purples and warm amber tones. Stamp the figure with its built-in reflection, then enhance the design with white gel pen highlights to add dimension and bring the silhouette to life.

2

PASO 2 DE 9

Ink up the reflection stamp (the lady with umbrella) using black ink. Press the stamp firmly onto the ink pad to ensure even coverage.

3

PASO 3 DE 9

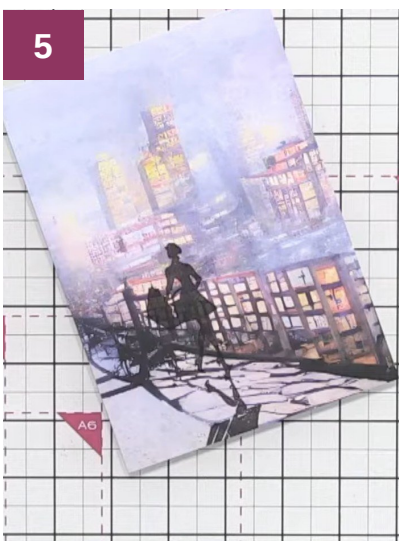

Position the stamp at the edge of the paper so the figure appears to be walking into the scene. Place it partially off the edge to create the effect of the figure entering the frame.

[VER ESTE PASO - 37:15](#)

PASO 4 DE 9

Press the reflection stamp firmly onto the printed paper to create a clear image of the dancing figure. Ensure even pressure across the entire stamp for a complete print.

PASO 5 DE 9

Allow the stamped image to dry completely before proceeding to the next step.

[VER ESTE PASO - 38:00](#)

PASO 6 DE 9

Use a white gel pen to add highlights down one side of the silhouette figure, working consistently on either the right or left edge to create dimension and light reflection.

PASO 7 DE 9

Add highlights to the shoulder, arm, leg and shoe of the silhouette using a white pen. Work in the direction of the light source to create dimension and suggest where light would naturally fall on the figure.

8

PASO 8 DE 9

Using a white pen or marker, add highlights along the base of the reflection where it meets the bottom edge of the image to enhance the water-like effect and create depth.

PASO 9 DE 9

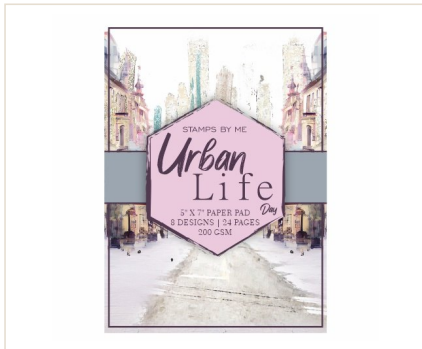

Position the 'ENJOY today' sentiment stamp at the top corner of your finished panel. The completed card features the urban night scene with the silhouette figure on the bridge in the foreground.

CONSEJOS DEL PROGRAMA

- You do not have to use the whole reflection; you can capture just a portion of it depending on where you position the stamp.
- The key to highlights is to stay on one side of everything—either right, left, top or bottom—so the light direction looks consistent and realistic.
- If you want to add sparkle, use clear glue with sparkle to make the reflection look magical.
