EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a stunning watercolour sunset scene card featuring silhouetted figures beneath a lamppost and tree branches. Using vibrant pink, orange and yellow inks swiped across watercolour card, you'll build a dreamy landscape with reflections. The technique combines ink blending with water activation and layered stamping to achieve a loose, artistic style.

CONSEJOS DEL PROGRAMA

- The swiping technique with an ink pad is easier than traditional watercolouring if you're not confident with a brush.
- You can bleach out areas with water and tissue to create highlights like moonlight.
- Watercolour card has texture that works beautifully with this technique and creates natural colour gradation.
