PASO A PASO

PASO 1 DE 12

Select one of the painted mounts featuring the purple fussy-cut flowers. These decorative flower embellishments are pre-printed and ready to be cut out for your card design.

PASO 2 DE 12

Carefully cut around two to three purple flowers from the patterned paper using scissors. Work slowly around the edges of each flower, taking care not to cut into the petals themselves.

CONSEJOS DEL PROGRAMA

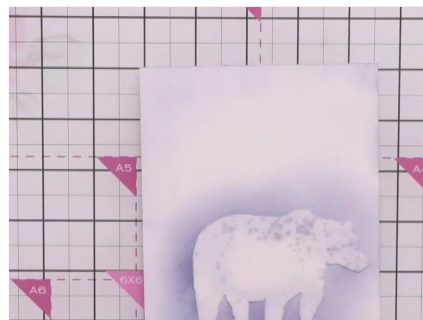

- If your cutting isn't perfect and you have a white border on the flowers, it still looks beautiful, so don't stress about achieving perfect cuts.
- Position your elements first to get an idea of where you want everything before adhering.
- You can cascade the hearts in different ways—stack them inside one another or arrange them down the card for different effects.
