

## Inked Embossing Folder Dalon-Style Card

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 8 DE ENERO DE 2024

### SOBRE ESTE PROYECTO

Create a striking card featuring beautiful floral imagery with a dalon-style effect. This technique involves inking an embossing folder directly and transferring the embossed pattern onto card stock, producing rich colours with delicate embossed detail showing through. The finished card showcases roses and foliage in soft greens and pinks with an elegant vintage aesthetic.

## CONSEJOS DEL PROGRAMA

- You can keep running the card through the embossing folder with different colours if you're not happy with the first result.
- Stencilling can be layered on top of the embossed inked design for added detail and interest.
- Use white pigment ink to push back colours that are too bright or to create highlights on the design.
