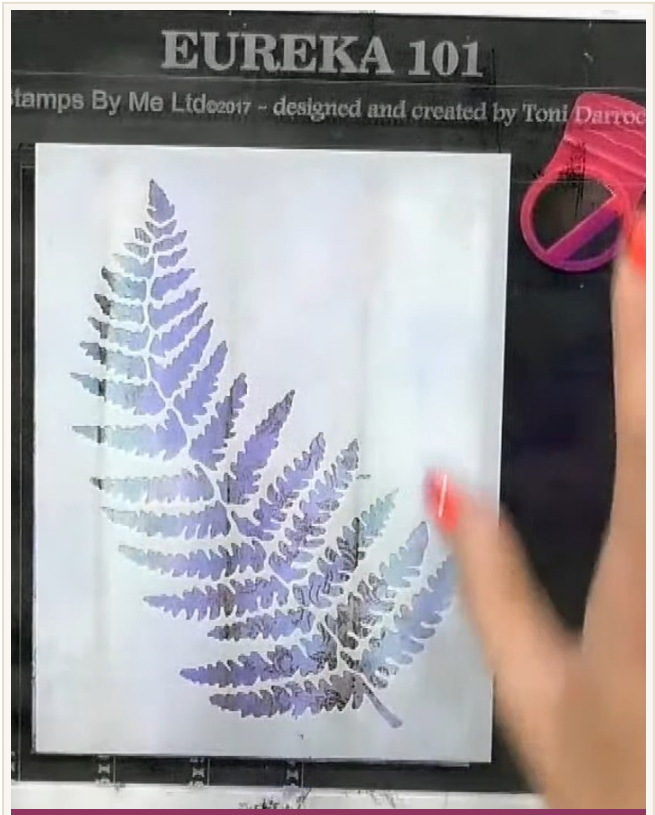
Fern Stencil Card with Layered Shadow Effect

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 8 DE ENERO DE 2024



EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a stunning modern card featuring a delicate fern design with beautiful layered shadow effects. Using stencilling and ink blending techniques, you'll build up layers of blue and purple tones with white highlights on a textured background to achieve a sophisticated floating, feathered appearance. This artistic piece combines simple stamping methods with dimensional effects for an eye-catching result.

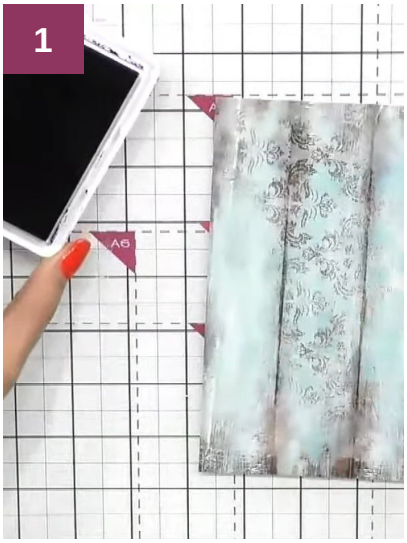
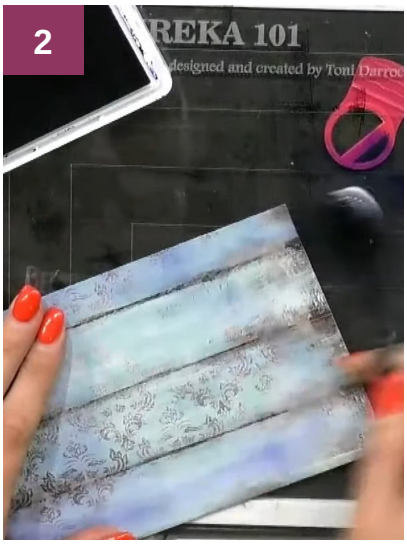
PASO A PASO



PASO 1 DE 10

Cut a piece of textured paper from the Wistful Charm paper pad. Use blue and purple ink pads to swatch colour across the surface, creating a painted background effect.

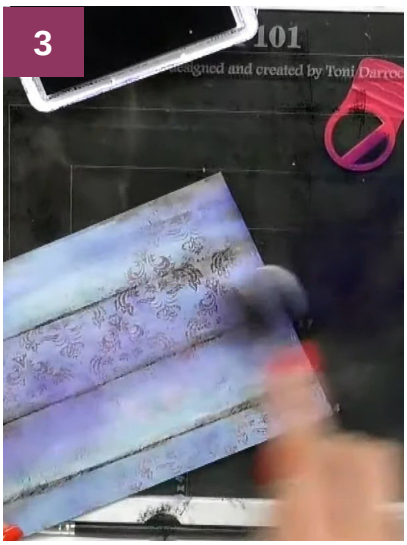
VER ESTE PASO - 44:30



PASO 2 DE 10

Use a brush to blend and drag the blue ink downwards across the paper, creating a gradient effect. Swipe the ink across large surfaces to achieve smooth coverage. Ensure you have a good white ink pad ready for the next step.

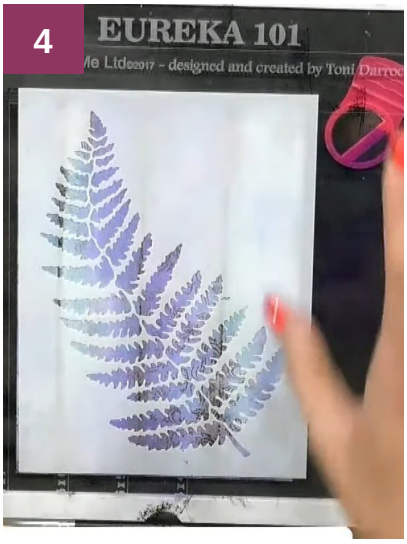
VER ESTE PASO - 45:00



PASO 3 DE 10

Apply purple ink from the Stamps By Me Ink Pad 'Brights' Collection to the background, blending it with the blue ink already on the paper. Use a blending tool to merge the colours together for a cohesive, gradient effect.

VER ESTE PASO - 45:30



PASO 4 DE 10

Position the fern stencil over the inked background. Using a blending brush or sponge, tap blue ink through the stencil to create the fern image on your card.

VER ESTE PASO - 46:00

PASO 5 DE 10

Carefully lift the stencil away from the card to reveal the layered fern design. Wipe the stencil clean on a cloth to remove any ink residue.

VER ESTE PASO - 46:45

PASO 6 DE 10

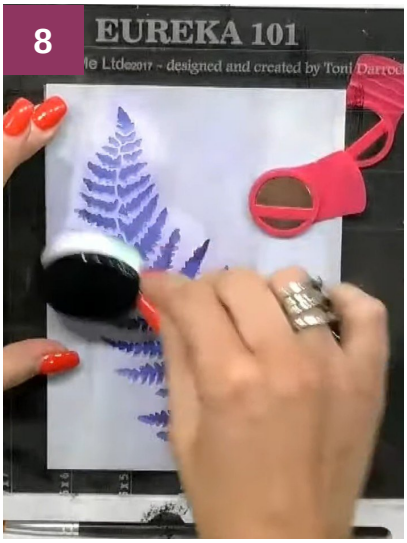
Reposition the fern stencil slightly offset from the original placement (moving it down, left, right or above) to create a layered shadow effect. Press the stencil gently onto the card to ensure it stays in place.

VER ESTE PASO - 47:00

PASO 7 DE 10

Position the fern stencil slightly offset from its original position on the card. Tap white ink through the stencil using a blending tool to create a ghostlike shadow effect around the blue fern.

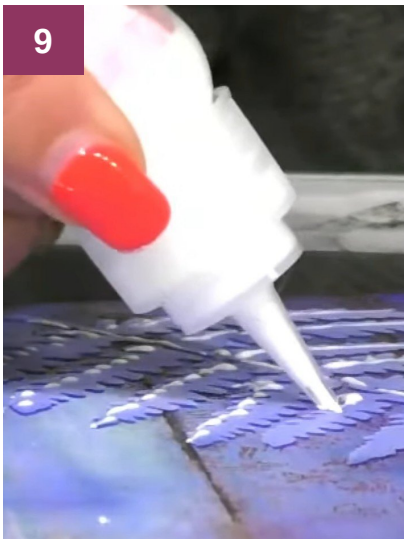
VER ESTE PASO - 47:30



PASO 8 DE 10

Use a clean brush to pounce additional white ink around the fern stencil to enhance the feathered, floating appearance and create a soft halo effect.

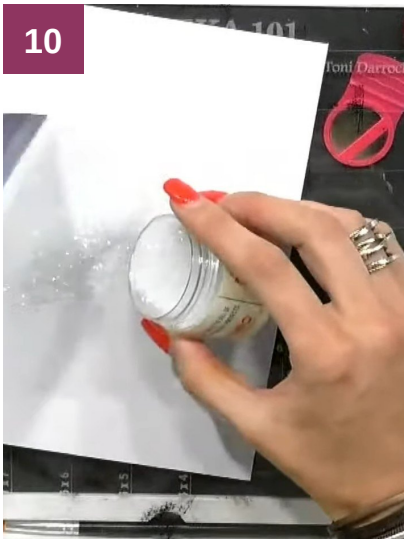
VER ESTE PASO - 48:45



PASO 9 DE 10

Apply clear glitter glue to the fern stencil design on your card. The glue dries clear and will add a subtle glass-like sparkle to the fern motif.

VER ESTE PASO - 51:00



PASO 10 DE 10

Allow the glue to dry completely. Once dry, adhere the finished layered fern piece to your card base to complete the card.

VER ESTE PASO - 52:00

CONSEJOS DEL PROGRAMA

- Be careful with these ink pads as they are very bright—rattle off excess ink before applying to avoid over-saturation.
- Use a clean brush between colours to prevent muddying your design.
- Colorless glitter will give you a subtle sparkle with no colour, perfect for projects that are already full of colour.
