

Embossed Vellum Flower Card with White Detailing

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE TOGETHER CLUB CHAPTER 3 - 14 DECEMBER 2023...

SOBRE ESTE PROYECTO

Create a delicate card featuring a beautiful floral design embossed onto pink vellum with white ink detailing on the reverse for a soft halo effect. The embossed vellum is mounted onto coordinating cardstock to make the design pop. This elegant technique combines heat embossing with subtle colour work to produce a sophisticated, feminine card perfect for any occasion.

PASO A PASO

1

PASO 1 DE 10

Place your coloured vellum into the embossing folder, ensuring the patterned side is facing upwards so the embossed design will rise correctly.

2

PASO 2 DE 10

Place the vellum sheet with the floral design into your die-cutting machine using thick embossing plates. Run it through the machine to emboss the flower pattern onto the vellum.

[VER ESTE PASO - 10:00](#)

3

PASO 3 DE 10

Turn the embossed vellum over to the reverse side. Using a brush, apply white ink to the back of the embossed floral design to colour the vellum from behind.

[VER ESTE PASO - 11:30](#)

4

PASO 4 DE 10

Turn the vellum piece over so the front is facing up. Using white ink on an ink blending tool, gently blend across the petals and leaves to create a soft, diffused halo effect in the foreground.

[VER ESTE PASO - 12:30](#)

5

PASO 5 DE 10

Place different coloured cardstocks behind the vellum piece to see how they affect the appearance of the embossed design. Observe how the colours show through the translucent vellum.

[VER ESTE PASO - 13:00](#)

6

PASO 6 DE 10

Trim the vellum panel to size using your trimmer or scissors. Be careful as the pigment ink may still be wet. The trimmed vellum should fit neatly alongside the copper and purple glitter cardstock panels.

[VER ESTE PASO - 16:45](#)

7

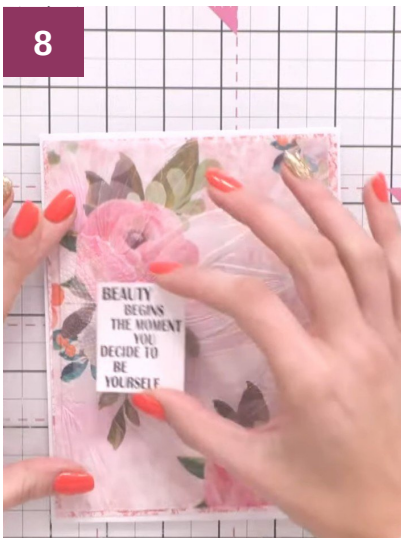

PASO 7 DE 10

Trim your coloured cardstock pieces to the desired sizes for your card base and layers. Position the pink textured paper, floral vellum, and purple glitter cardstock together to plan your card layout.

[VER ESTE PASO - 17:30](#)

8

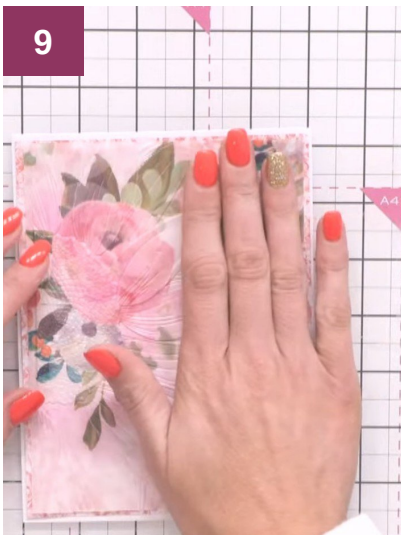

PASO 8 DE 10

Apply small dots of glue to the reverse of the vellum panel. Be sparing with adhesive, particularly on the coloured floral areas to avoid showing through.

[VER ESTE PASO - 21:00](#)

9

PASO 9 DE 10

Position a sentiment stamp or decorative text element to one side of the card front, placing it away from the main floral design to balance the composition.

[VER ESTE PASO - 21:30](#)

10

PASO 10 DE 10

Adhere the vellum layer with the sentiment to your pink floral cardstock base. Press gently across the surface to ensure it is securely attached.

CONSEJOS DEL PROGRAMA

- Mark your embossing folder with 'T' for top and 'F' for front to avoid confusion about which way to insert your card.
- If using a pigment ink and then switching to a dye-based ink, clean your brush on scrap card between inks to avoid colour transfer.
- The choice of background cardstock dramatically affects how the embossed design appears, so experiment with different colours.
