SOBRE ESTE PROYECTO

Create a stunning black card clock with dramatic gold embossed detailing. Using heat embossing techniques with gold powder on black card stock, you'll achieve a striking high-contrast design featuring an elegant clock motif with decorative script background. PASO 5 DE 8

Sprinkle gold embossing powder generously over the stamped image on the black card. Ensure the powder covers all the wet ink completely.

VER ESTE PASO - 17:45

Brush away the excess embossing powder from the black card using the anti-static bag, ensuring only the heat-embossed areas retain the gold powder.

Heat set the embossing powder with a heat gun, moving it evenly over the surface until the powder is fully melted and has a shiny finish.
