SOBRE ESTE PROYECTO

Make this elegant mini card featuring a stamped bicycle with a basket of flowers set against a dreamy purple watercolour background. The design uses black stamping on coloured cardstock, precision die-cutting, and layered fussy-cut floral elements to create beautiful dimension. Perfect for any occasion, this card showcases classic papercrafting techniques in romantic purple and pink tones.

CONSEJOS DEL PROGRAMA

- The die-cut means you don't have to fussy-cut the bike, though you can if you prefer.
- Giving embellishments slight lift with adhesive creates dimension and movement on your card.
