EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a stunning reflection card featuring a cityscape with fireworks bursting overhead. Using the Sparkle Everyday stamp set on dark patterned paper from the Skyfire Nights collection, you'll emboss the image with white powder to create a shimmering effect that captures the magic of fireworks reflecting on water. The dramatic contrast between the dark background and white embossed details creates a striking nighttime scene perfect for celebrations.

PASO A PASO

1

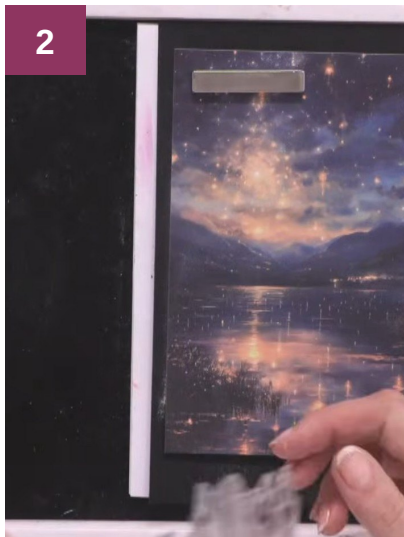

PASO 1 DE 8

Select a piece of patterned paper from the **Skyfire Nights** collection featuring a **cityscape with a horizon line**. This will be used to create a reflection design on your card.

2

PASO 2 DE 8

Prepare your heat gun by turning it on and allowing it to heat up fully before use.

[VER ESTE PASO - 46:45](#)

3

PASO 3 DE 8

Use a sticky ink pad to ink up the **Sparkle Everyday** stamp. Position the stamp along the horizon line of your chosen cityscape paper, ready to stamp the sentiment.

[VER ESTE PASO - 47:30](#)

4

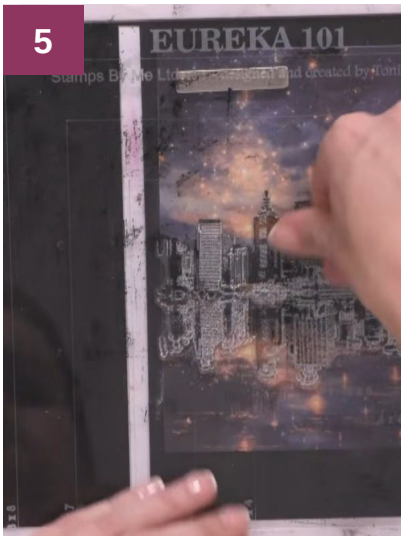

PASO 4 DE 8

Stamp the reflection and fireworks design firmly onto the galaxy paper using the WOW embossing pad. Ensure good coverage by pressing down firmly on the stamp.

[VER ESTE PASO - 48:00](#)

5

PASO 5 DE 8

Sprinkle salt-coloured WOW embossing powder (a white and iridescent mix) generously over the wet stamped cityscape image on the card.

[VER ESTE PASO - 48:30](#)

6

PASO 6 DE 8

Heat set the embossing powder with your pre-heated heat gun, moving it quickly across the paper to avoid burn marks. Keep the heat gun moving continuously over the stamped image until the powder melts and becomes shiny.

[VER ESTE PASO - 49:00](#)

7

PASO 7 DE 8

Trim the stamped and embossed cityscape piece to size once the embossing powder has cooled completely. Use a trimmer or scissors to cut the white card to fit your design.

[VER ESTE PASO - 50:30](#)

8

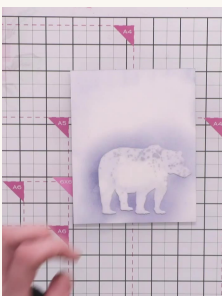

PASO 8 DE 8

Mount the trimmed cityscape piece onto a white card blank, positioning it to showcase the embossed fireworks and their reflection in the water below.

CONSEJOS DEL PROGRAMA

- Always heat your gun fully before applying it to paper to prevent lumps and bumps in the embossing.
- If using a glass mat underneath, lift the paper off the mat when heating to avoid heat bouncing back and creating brown burn marks.
- The reflection in the stamp is intentionally slightly faded to mimic the look of water reflections.
