VER ESTE PASO - 30:30

2

PASO 2 DE 7

Position a decorative frame die-cut over your textured background. Use the frame to create a focal point for your design, placing it over the patterned area you created with the stencil.

VER ESTE PASO - 31:00

3

PASO 3 DE 7

Adhere your die-cut frame onto the card base using glue or foam tape. Position it centrally over your stamped or stencilled background.

VER ESTE PASO - 31:45

4

PASO 4 DE 7

Create splatter texture by flicking water-reactive ink onto your card using a brush. Allow the ink to react and create organic patterns on the surface.

VER ESTE PASO - 32:30

5

PASO 5 DE 7

Layer additional stamped elements within the decorative frame. Position the stamped images to create focal interest and depth within the frame opening.

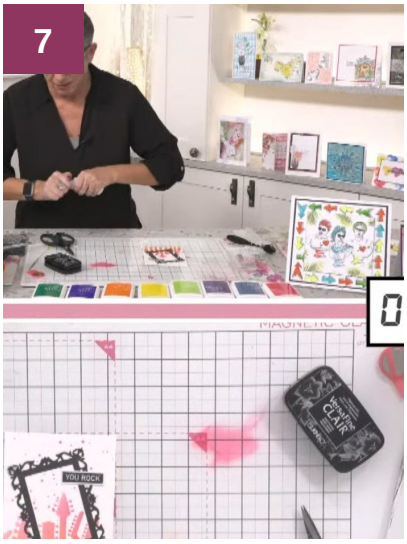
VER ESTE PASO - 33:00

6

PASO 6 DE 7

Build up layers on your card by adding different stamped images, stencilled patterns, and watercolour elements. Position decorative die-cut frames over focal points to create depth and visual interest through the layered composition.

VER ESTE PASO - 34:00



PASO 7 DE 7

Allow all layers to dry completely before assembling the card. Ensure the watercolour background, stencilled elements, and any splattered ink are fully dry to prevent smudging.

VER ESTE PASO - 35:00
