PASO A PASO

1

PASO 1 DE 10

Tear a piece of vellum by hand to create an organic, uneven edge. This will be placed over the fireworks image to create an offset effect rather than a straight line.

2

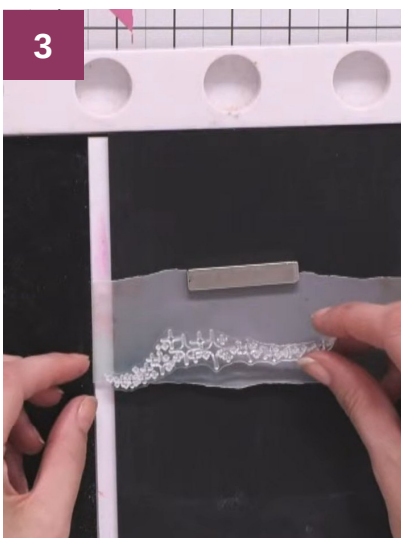

PASO 2 DE 10

Use an anti-static bag to wipe the vellum cityscape piece thoroughly to remove any fingerprints or moisture before stamping. This ensures a clean surface for stamping.

[VER ESTE PASO - 59:15](#)

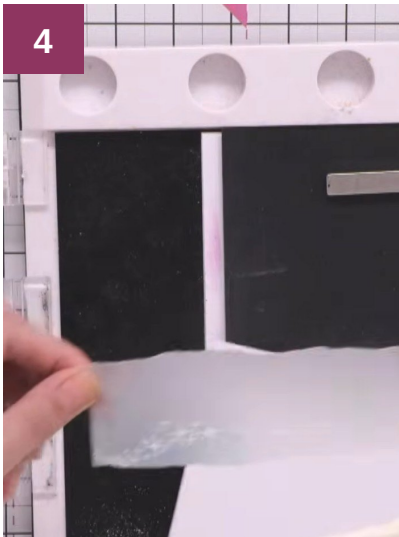

3

PASO 3 DE 10

Ink up the star detail from the Friends Forever stamp set with a sticky ink pad. Apply white embossing powder to the inked stamp.

[VER ESTE PASO - 1:01:30](#)

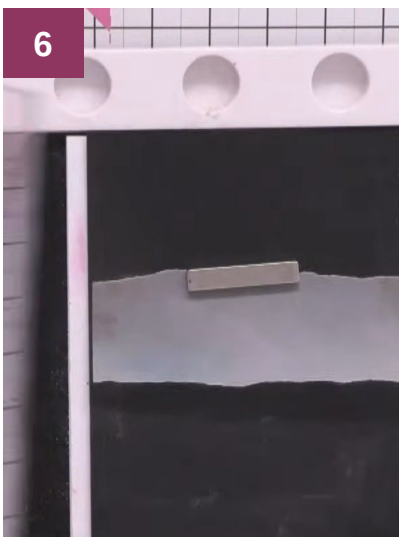

PASO 4 DE 10

Stamp the stars onto the vellum using embossing powder. Layer the star stamps to create a continuing pattern across the torn edge. Store the stamped vellum in an anti-static bag to prevent powder from sticking.

[VER ESTE PASO - 1:01:45](#)

PASO 5 DE 10

Sprinkle white WOW embossing powder over the stamped stars on the vellum strip to cover the wet ink completely. Tap off any excess powder back into the pot.

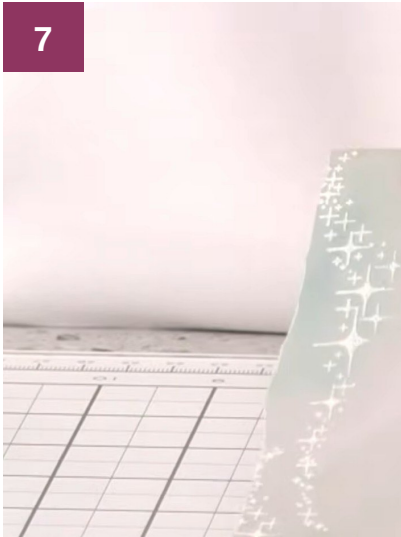

[VER ESTE PASO - 1:02:00](#)

PASO 6 DE 10

Heat set the embossing powder quickly with your heat gun, working fast as vellum is not always heat resistant.

[VER ESTE PASO - 1:02:15](#)

7

PASO 7 DE 10

Wrap the embossed vellum around the card front, positioning it to create a layered effect. Secure the vellum in place at the back of the card using tape or glue.

[VER ESTE PASO - 1:04:30](#)

8

PASO 8 DE 10

Use your craft tool to pop out some of the die-cut window shapes from the black cityscape silhouette to create texture and dimension. Work carefully to remove selected windows whilst keeping the overall structure intact.

[VER ESTE PASO - 1:06:00](#)

9

PASO 9 DE 10

Position a smaller black die-cut cityscape piece behind the vellum overlay to add depth. Use a white or gold gel pen to add small 'L' shapes around the windows on the buildings to create highlights and detail.

[VER ESTE PASO - 1:06:30](#)

10

PASO 10 DE 10

Add a sentiment to your card using a pre-cut die-cut word or washi tape. Position the sentiment across the middle section, ensuring it doesn't cover the stamped stars on the water reflection below.

CONSEJOS DEL PROGRAMA

- Tear vellum by hand rather than cutting it straight for a more artistic, organic look.
- Work quickly when heat embossing vellum as it can be sensitive to heat.
- Use an anti-static bag before stamping on vellum to prevent fingerprints and moisture marks.
