PASO A PASO

PASO 1 DE 12

Cut a piece of brown floral patterned paper from the Tailored Threads collection. Trim it to size to fit your white card base using a ruler and trimmer.

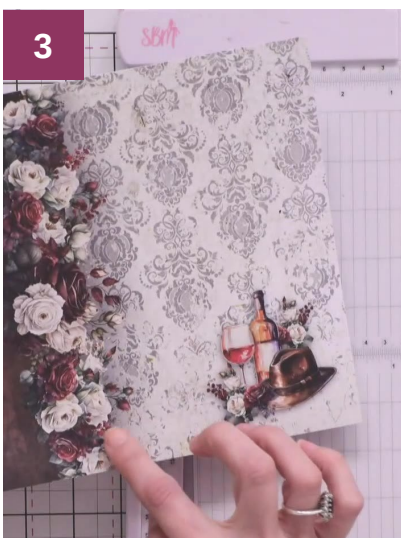

[VER ESTE PASO - 1:03:00](#)

PASO 2 DE 12

Fussy cut around the floral elements on the decorative paper, leaving the flowers loose and imprecise to create a decorative border effect. Cut away the excess paper whilst preserving the floral design.

[VER ESTE PASO - 1:04:00](#)

PASO 3 DE 12

Distress the edges of your cut paper pieces using a vintage-coloured distress ink pad. Work around the perimeter of each piece to soften the white edges and create an aged effect.

[VER ESTE PASO - 1:06:30](#)

PASO 4 DE 12

Die-cut the exterior wallet piece from the dark floral leather-effect paper using the larger die from the two-piece wallet die set.

[VER ESTE PASO - 1:09:30](#)

PASO 5 DE 12

Die-cut the interior wallet panel from a coordinating shade of leather-effect paper using the same die set. Use the dark brown floral patterned paper for contrast with the decorative panel.

[VER ESTE PASO - 1:16:15](#)

PASO 6 DE 12

Die-cut the wallet closure piece from the contrasting leather-effect patterned paper, ensuring the embossed detail is captured. The closure piece should be cut from the darker floral design to contrast with the lighter damask pattern.

[VER ESTE PASO - 1:17:15](#)

PASO 7 DE 12

Die-cut a pocket piece from the dark floral patterned paper using scissors or a die-cutting machine. This piece will sit inside the wallet to hold gift cards or notes.

[VER ESTE PASO - 1:18:30](#)

PASO 8 DE 12

Assemble the wallet by adhering the interior panel (with the damask pattern) inside the exterior panel (with the dark floral pattern) using double-sided tape. Position the floral embellishment cluster at the top edge where the two panels meet.

[VER ESTE PASO - 1:22:30](#)

PASO 9 DE 12

Attach the closure piece to the front of the wallet using glue. Position it so it can wrap around to hold the wallet closed securely.

[VER ESTE PASO - 1:26:15](#)

10

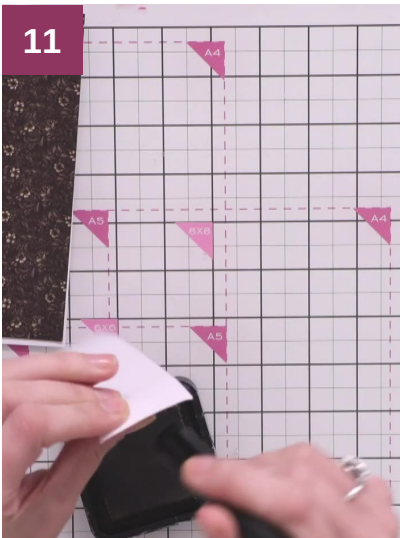

PASO 10 DE 12

Adhere the dark floral back panel to the reverse of the wallet, curling it slightly as you attach it to add dimension and complete the wallet structure.

[VER ESTE PASO - 1:27:30](#)

11

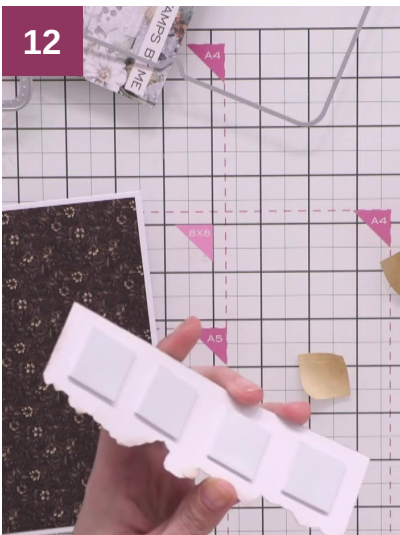

PASO 11 DE 12

Punch or cut two circles from the painted mounts included in the bundle, choosing coordinating colours that tie in with your card's colour scheme.

[VER ESTE PASO - 1:28:15](#)

12

PASO 12 DE 12

Mount the completed wallet onto your card base using white foam pads for dimension, positioning it prominently on the front of the card.

CONSEJOS DEL PROGRAMA

- If you have a two-inch hole punch or die cutter, use it to cut the decorative circles from the pre-printed mounts instead of scissors for cleaner results.
- Store distress ink pads upside down if they are drying out to help keep them moist.
- You can use a belly band around the card to hold the wallet closed if desired.
