

Sanded Sunburst Embossed Card with Gold Ink

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 26 DE OCTUBRE DE 2023

SOBRE ESTE PROYECTO

Create a versatile scene-setter card by embossing a sunburst or snowburst pattern, sanding back the raised areas to reveal white underneath, then adding gold ink for a luxurious finish. This technique produces an elegant purple and gold card with a shimmering, dimensional effect. The embossed design creates a stunning backdrop perfect for layering sentiments or using as a standalone statement piece.

PASO A PASO

PASO 1 DE 4

Run your card stock through your die-cutting machine with the sunburst embossing folder to create the raised pattern on the pink metallic card.

PASO 2 DE 4

Use a sanding block to gently sand back the raised embossed areas on the pink watercolour card, exposing the white core underneath. Work carefully over the textured surface to create highlights.

PASO 3 DE 4

Apply gold ink pad over the sanded areas of the pink embossed card to add colour and definition to the design. Gently dab the gold ink onto the raised embossed patterns where you have sanded.

PASO 4 DE 4

View the finished card with its magical sunburst effect created by the embossed pattern, gold ink, and pink shimmer spray. The combination creates a versatile background suitable for winter, sun, or moon themes.

CONSEJOS DEL PROGRAMA

- An emery board works well if you don't have a sanding block.
- The sunburst can represent a sun, moon or magical scene depending on your card stock colour and ink choice.
