

Silver Embossed Hearts Card with Decorative Layering

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - CREATE AND CRAFT TV - 26 DE OCTUBRE DE 2023

SOBRE ESTE PROYECTO

Create an elegant card featuring silver embossed hearts with a decorative twine pattern. This sophisticated design uses embossing folders to create a raised, ornate effect on metallic card stock, perfect for weddings, anniversaries or Valentine's Day. The layered composition combines the shimmering embossed panel with complementary card layers for a luxurious finish.

PASO A PASO

PASO 1 DE 3

Place your silver card stock into the embossing folder, ensuring the most raised part of the folder is positioned as the base.

PASO 2 DE 3

Place the embossing folder with your card inside into the die-cutting machine. Run the folder through the machine to create the embossed hearts and decorative twine pattern on your card.

PASO 3 DE 3

When using one-sided specialist card, ensure the metallic or decorative side faces upward in the embossing folder to avoid debossing the surface instead of embossing it.

CONSEJOS DEL PROGRAMA

- The most protruding part of the embossing folder should be positioned at the base to push up through the card properly.
- This embossed design works beautifully on envelopes as well as cards.
