[VER ESTE PASO - 48:30](#)

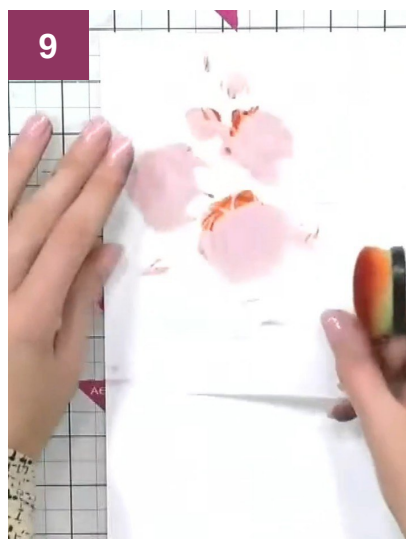

PASO 7 DE 9

[VER ESTE PASO - 49:00](#)

PASO 8 DE 9

Once the stencilled layers are complete, use the coordinating rose dies to cut out the flower shapes. This creates a finished focal piece with beautifully layered orange roses.

PASO 9 DE 9

Mount your finished rose onto a card base. Add a sentiment stamp through the centre of the rose if desired to complete your card.

- You can spray the stencil layers with water to create a slight bleed effect for a more artistic look
- The layering stencil system is consistent across all designs - follow the numbered system and corner hearts every time
