PASO A PASO

PASO 1 DE 4

Select a snow drift word die (such as 'Greetings') and position it diagonally across your card from one corner towards the opposite corner. The word should run from the bottom left to the top right of your mounted winter scene.

PASO 2 DE 4

Run the die through your cutting machine to cut out the word shape from your card base. The die cuts out decorative word sentiments that can be layered onto your festive cards.

PASO 3 DE 4

Layer one of the painted mount toppers on top of your card using 3D foam pads to create dimension. Position the topper carefully to ensure even spacing around the edges.
