SOBRE ESTE PROYECTO

Create a stunning winter card featuring an ink-blended 'Greetings' word die with subtle shading on the edges, layered over a pre-printed winter scene with bare trees and a soft pink sky. PASO A PASO

PASO 1 DE 8

Cut the snow drift word die (such as 'Greetings') from white card using your die-cutting machine.

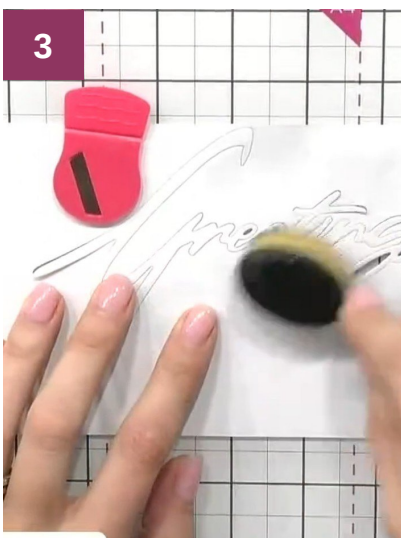

[VER ESTE PASO - 14:00](#)

PASO 2 DE 8

Place the die cut back into the die and position it in your cutting plate to hold it securely in place for ink blending.

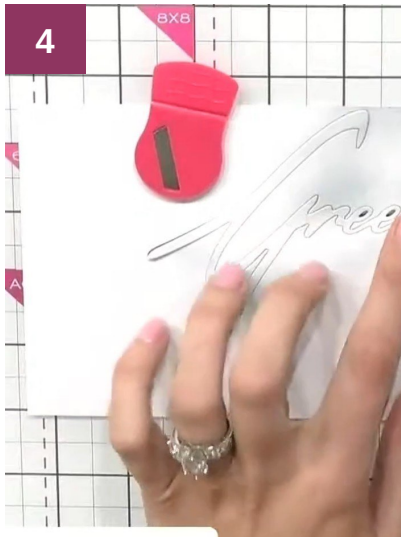

[VER ESTE PASO - 14:15](#)

PASO 3 DE 8

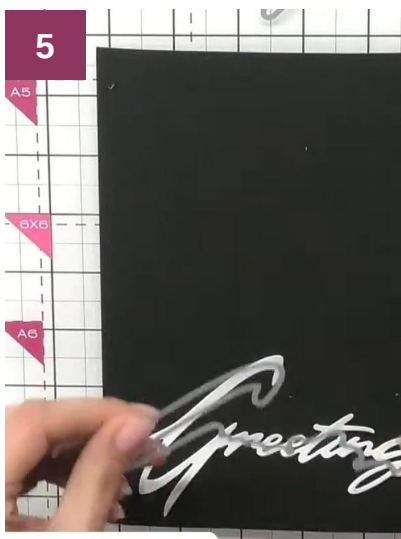

Apply weathered wood distress ink to the top and bottom edges of the die-cut word using a blending brush, creating a subtle gradient effect.

[VER ESTE PASO - 14:30](#)

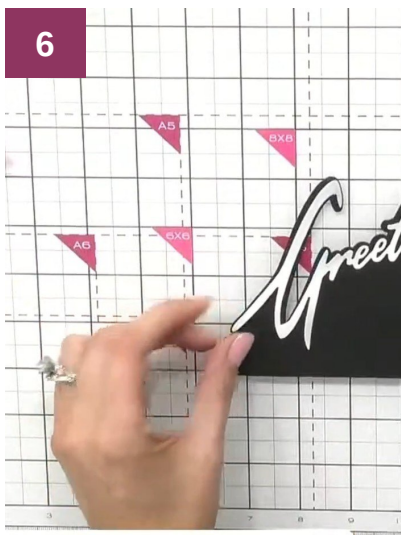

PASO 4 DE 8

Remove the 'Greetings' die from the white card and observe the subtle shading created by the ink blending around the word.

[VER ESTE PASO - 15:00](#)

PASO 5 DE 8

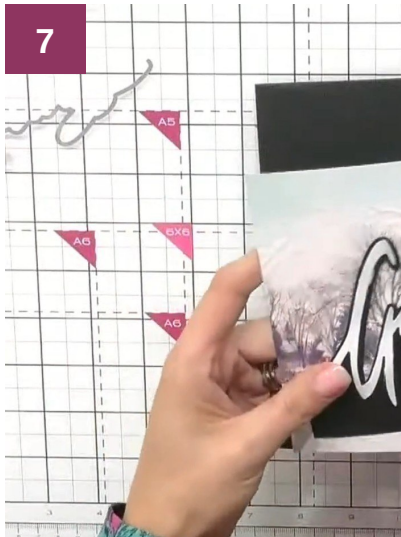

Cut the word 'Greetings' from black card using the Christmas Snow Drift die. Position the die-cut word at an angle on your card base.

[VER ESTE PASO - 15:30](#)

PASO 6 DE 8

Select a pre-printed mounted scene from your collection that complements the colours of your ink blending. Position it on your craft mat to check the colour coordination.

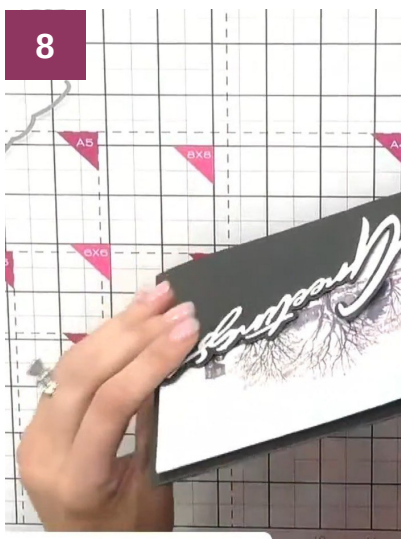

[VER ESTE PASO - 17:30](#)

PASO 7 DE 8

Apply glue to the back of the mounted scene piece. Position it on the black card base so the 'Greetings' snow drift word sits across the top of the scene, then press down firmly to adhere.

[VER ESTE PASO - 19:00](#)

PASO 8 DE 8

If using a window die, add the shadow pieces to the window frame. Colour them with ink to match your ink-blended word piece.

CONSEJOS DEL PROGRAMA

- Keeping the die in place whilst inking helps you achieve even, controlled colour application.
- Start with light ink application and build up the colour gradually for a more natural effect.
- The blue tones in the mounted scene can be echoed in your ink blending for colour harmony.
