Window Card with Shadow Detail and Painted Mount View

UN PROYECTO DE NUESTRO PROGRAMA EN DIRECTO - MONDAY PODCAST - 9 DE OCTUBRE DE 2023

EL PROYECTO TERMINADO

SOBRE ESTE PROYECTO

Create a stunning dimensional window card featuring a four-panel window die with shadow detail that creates a beautiful 3D effect. The design showcases a wintry scene viewed through the window, with coloured shadows on a painted mount giving the illusion of looking through glass. This elegant card combines die-cutting, layering and subtle colouring techniques to achieve a sophisticated shadow box effect.

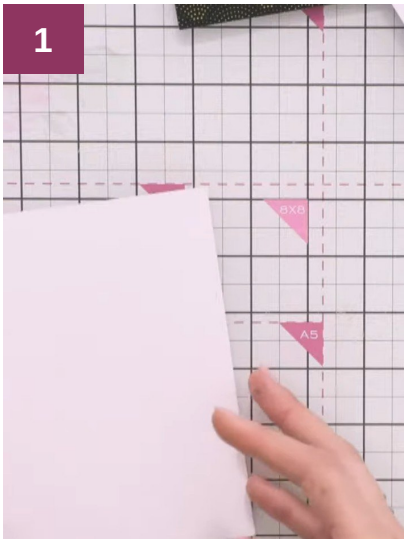
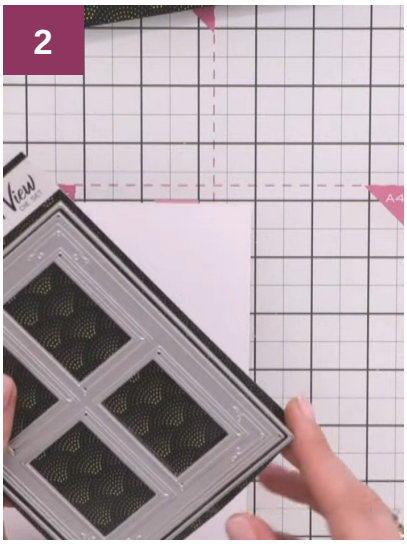
PASO A PASO



PASO 1 DE 8

Cut your white card to size and trim it to the desired dimensions using a cutting mat and ruler. Position the card on your cutting mat and ensure it is properly aligned before trimming.

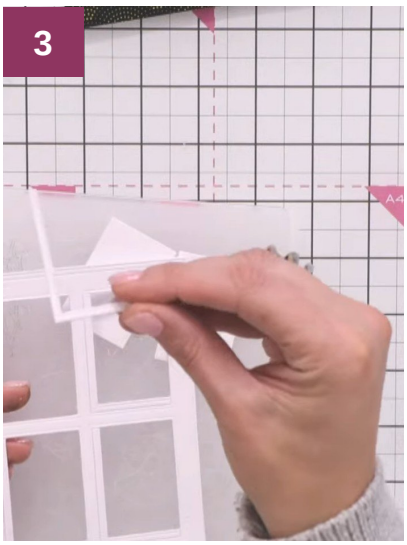
VER ESTE PASO - 40:00



PASO 2 DE 8

Run the four-panel window die through your die-cutting machine to cut the window frame from your card. Position the die on your chosen cardstock and follow your machine's instructions to cut the design.

VER ESTE PASO - 40:30



PASO 3 DE 8

Carefully remove the window frame from the card. Observe the L-shaped shadow pieces that have dropped out from the die-cut and set them aside for later use.

VER ESTE PASO - 42:15

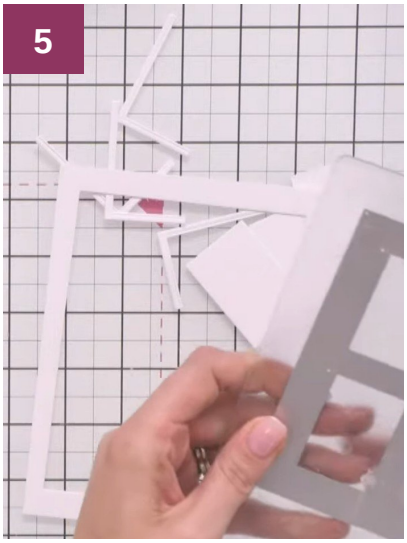
4

PASO 4 DE 8

Using a grey or brown ink pad, colour the L-shaped shadow pieces to create depth and dimension. Apply the ink to all edges and surfaces of the shadow pieces to give them a realistic shadowed appearance.

VER ESTE PASO - 42:45

5

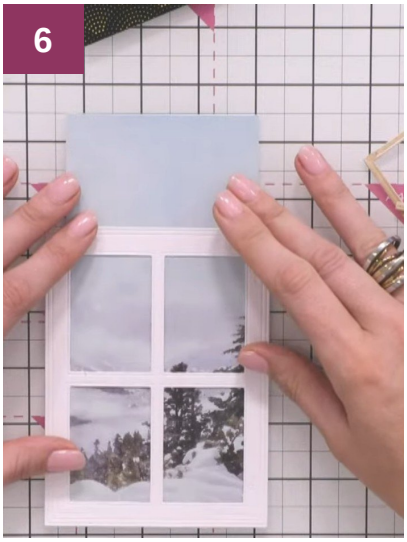


PASO 5 DE 8

Select a painted mount from the In The Countryside collection that complements your design. Trim the painted mount to fit neatly behind your window aperture if needed.

VER ESTE PASO - 43:00

6



PASO 6 DE 8

Position the coloured shadow pieces back into the window frame. Ensure all pieces face the same direction to create a cohesive 3D effect behind the white window frame.

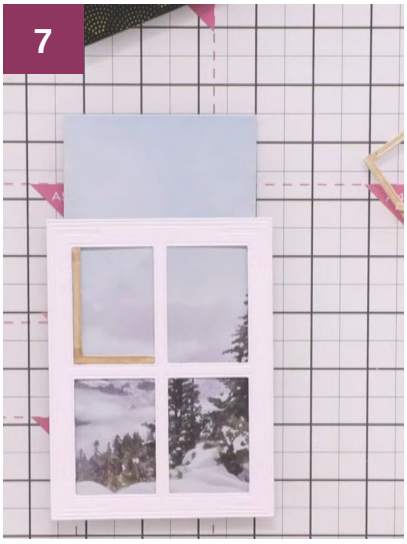
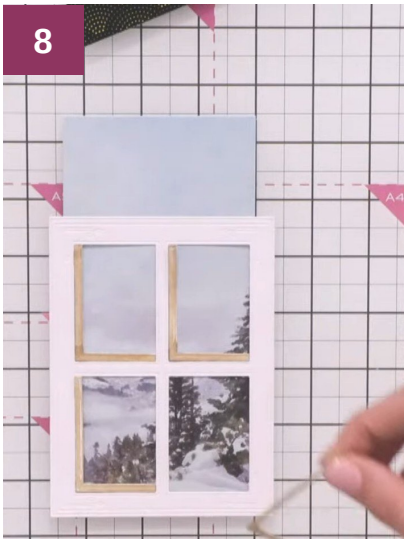
VERLOS TODOS



PASO 7 DE 8

Position the painted mount (with the grey winter scene images) behind the white window card frame. Align it so the painted images show through the die-cut apertures, creating a layered view effect.

VER ESTE PASO - 45:00



PASO 8 DE 8

Adhere all the shadow elements flat to the card base. Mount the window frame on foam tape and position it over the shadows to create dimension. Ensure all pieces are aligned properly before securing.

VER ESTE PASO - 45:30

CONSEJOS DEL PROGRAMA

- Colour the shadow pieces in grey or a shade that matches your colour scheme for a realistic 3D effect.
- The embossed detail on the window frame adds an ornate finish that enhances the overall look.
- You can use acetate in the windows if you wish to add extra dimension and protection to your painted mount view.
